### Virginia's Wildlife Restoration Program and You

Hunters and trappers create many opportunities for Virginians to enjoy exceptional hunting, trapping, and wildlife watching. Through the Federal Assistance in Wildlife & Sport Fish Restoration program, you help the Virginia Department of Game and Inland Fisheries make wildlife-oriented outdoor recreation even better each time you buy a firearm, ammunition, or a hunting or trapping license.

When you buy hunting-related equipment, a portion of the excise tax levied on the manufacturer goes to the Federal Assistance in Wildlife & Sport Fish Restoration program. Virginia currently receives nearly \$14 million each year from this program, which funds a large portion of the Department's habitat management and wildlife population research projects.

This booklet is for general information and contains information regarding programs, policies, regulations, rules, and fees of the Virginia Department of Game and Inland Fisheries (VDGIF) current at the time of printing. Information and prices are subject to change. Specific laws are found in the Code of Virginia (<http://leg1.state.va.us/cgi-bin/legp504.exe?000+cod+TOC2901000>) or the Game Department Regulation Manual (<http://leg1state.va.us/000/reg/TOC04015.htm>). For answers to specific questions about hunting and fishing, contact the Department of Game and Inland Fisheries office nearest you.

Once again, I am excited to share with you the 2014/15 hunting and trapping seasons. These seasons are a testament to the Department's continued strong commitment to protect our hunting

heritage by providing a wide array of recreational opportunities for hunters and trappers in Virginia. They also reflect the outstanding work and dedication of our staff, who are passionate about maintaining healthy, viable wildlife populations and habitats for the benefit of generations to come.

Normally this issue of the digest has few if any new changes to report as we are in the

second year of established seasons and regulations set by our board in 2013. However, as can be the case any year, a number of bills were passed by the General Assembly in the 2014 session that will have impacts on our upcoming hunting seasons. Among the new opportunities this season: Sunday hunting under certain restrictions will be allowed; archery and cross-bow licenses have been combined, muzzleloading pistols will be legal for big game hunting where muzzleloading rifles are allowed; and a special foxhunting license for mounted fox hunters will be available. Be sure to visit the "What's New" section for full details.

In our continued effort to provide new opportunities for youth and apprentice hunters we have added nine new quota hunts (see the Quota Hunt section) with the help of our partners at the Department of Forestry and the Department of Conservation and Recreation. What a great effort by all to continue the hunting tradition and provide such

quality outdoor experiences to our youth and new hunters.

We continue to diligently monitor and manage threats to the health of our wildlife populations and their habitats with the current prohibitions of feeding, efforts to eliminate non-native species from the Commonwealth, and monitoring the use of products that may provide a means by which a disease could be introduced.

In closing, I want to thank all of you who make our work possible. Your license dollars and support of our programs serve as the foundation for the strong stewardship of Virginia's wildlife resources. We recognize that times are tough and wallets stretched thin, but your continued participation and support of hunting and trapping in Virginia ensure that wildlife resources will remain a strong and vital part of our great Commonwealth.

Good hunting, and we hope to see you out there!

Bob Duncan, Executive Director

## WHAT'S NEW FOR 2014–2015

Legislation passed in the 2014 General Assembly Session that impacts hunting and fishing:

### Hunting on Sundays.

Allows hunting on Sundays under the following circumstances:

- A landowner and his immediate family or a person with written permission from the landowner may hunt or kill any wild bird or wild animal, including nuisance species, on the landowner's property on Sunday.
- A person may hunt waterfowl on Sundays, subject to area restrictions established within seasons.
- The hunting activities mentioned above cannot occur within 200 yards of a house of worship.
- The hunting of deer or bear with a gun, firearm, or other weapon with the aid or assistance of dogs on Sunday is prohibited.
- A person may hunt raccoons until 2:00 a.m. on Sundays, but no other Sunday hunting of raccoons is permitted.

### Special Fox Hunting License.

Established a special license for hunting foxes on horseback with hounds but without firearms. The license exempts the licensee from the requirement that they complete a hunter education program. This license may be purchased in lieu of a basic hunting license but is not required in addition to a basic hunting license.

### Annual Hunting and Fishing Licenses for Nonresident Disabled Veterans.

Allows nonresident veterans who are totally and permanently disabled due to a service-connected disability to purchase annual licenses to hunt or fish at a cost equal to one-quarter the fee for the state nonresident hunting or fishing license.

### New Combined Archery and Crossbow License.

Established a new combined license for persons hunting with a bow and arrow or a crossbow. The cost of the license is \$18 for residents and \$31 for nonresidents. There will no longer be a separate crossbow license.

### Hunting With a Muzzleloading Rifle; Blaze Orange Clothing.

During the special season for hunting deer with a muzzleloading rifle only, every muzzleloader deer hunter and every person

accompanying a muzzleloader deer hunter shall wear a blaze orange hat (the bill or brim of the hat may be a color or design other than solid blaze orange) or blaze orange upper body clothing that is visible from 360 degrees, except when any such person is physically located in a tree stand or other stationary hunting location.

### Use of Muzzleloading Pistols.

Allows persons to hunt big game with muzzleloading pistols of a caliber of .45 or greater (.50 caliber or larger is recommended) where and in those seasons when the use of muzzleloading rifles is permitted.

### Apprentice Hunters.

Allows persons holding an apprentice hunting license to hunt unsupervised if they have successfully completed a hunter education course. Upon completion of hunter education, unless otherwise required by law to be supervised as in the case of hunting on a youth/apprentice hunting day where, by Department regulation, apprentice hunters must be supervised by a licensed or an exempt licensed adult, the apprentice hunting licensee may hunt unsupervised subject to the requirements of applicable state law and regulations. You must carry proof of hunter education while hunting unsupervised.

## 2015–2016 HUNTING AND TRAPPING REGULATION REVIEW PROCESS

The Department will be in the process of reviewing hunting and trapping regulations for the 2015–2016 hunting and trapping seasons beginning in the fall of 2014. Hunters and trappers are encouraged to participate in the review process as staff identify issues and receive public feedback. Over the course of the next 10 months (August 2014–May 2015) the public will have opportunities to participate in open comment periods and board meetings to discuss and comment on regulation changes. Starting in August, we will have a site on the Department's web page ([www.HuntFishVA.com](http://www.HuntFishVA.com)) for you to provide your thoughts on changes to the regulations by completing a form with your suggested regulation change and the reason for the change and impacts of the change. Your comments will be reviewed by staff as they develop their recommendations and share with board members. The board meetings where staff recommendations and board proposals will be considered have not been set at the time of this printing but will probably be held late March and late May. All meetings will be noticed as soon as they are set by the Board.

We hope you will take advantage of the regulation review process.

## SUNDAY HUNTING IN VIRGINIA

The 2014 General Assembly passed legislation that was signed by Governor Terry McAuliffe allowing hunting on Sundays in Virginia under certain circumstances. The law takes effect July 1, 2014.

The new law allows Sunday hunting under the following circumstances:

- Allows a landowner and his family or a person with written permission from the landowner to hunt or kill any wild bird or wild animal, including nuisance species, on the landowner's property on Sunday, except within 200 yards of a house of worship or any accessory structure thereof.
- It also allows for waterfowl hunting on Sundays subject to restrictions imposed by the Director of the Department and except within 200 yards of a house of worship or any accessory structure thereof.
- Continues to allow raccoon hunting until 2 a.m. Sunday mornings.

Other than these exceptions and other allowances that had been made specifically by law in the past, it will continue to be unlawful to hunt or kill any wild bird or wild animal, including any nuisance species, with a gun, firearm, or other weapon on Sundays. It will also continue to be unlawful to hunt or kill any deer or bear with a gun, firearm, or other weapon with the aid or assistance of dogs on Sundays.

### Preserve the Tradition

If your hunt takes you onto or near private property, remember to RESPECT the property owner as well as his land. Please help us prevent conflicts with all Virginia citizens so we may continue the long tradition of excellent hunting opportunities for all sportsmen in the Commonwealth.

## Frequently asked questions and answers on the new law and Sunday hunting in Virginia:

### May I use dogs to hunt on private land on Sunday as long as I have the written permission of the landowner?

Yes, except you may not hunt or kill any deer or bear with a gun, firearm or other weapon with the aid or assistance of dogs on Sundays.

### I hunt with a hunt club and the club president has obtained written permission from the landowner for club members and guests to hunt on Sunday. Does each member need to carry a copy of that permission document?

They should, but your club president can act as the representative of the landowner to pass on written permission to members and guests to hunt on Sunday so long as the landowner grants the president that authority. Language granting permission to hunt on Sundays should be included in the written permission.

### I obtained written permission to hunt on Sunday from the landowner on whose property I hunt. The landowner also gave me permission to bring guests. My son and daughter want to hunt with me on Sunday. Do they also need written permission from the landowner?

You can act as the representative of the landowner to pass on written permission to your son and daughter as long as the landowner gave you written permission authorizing you and your guests to hunt on Sunday, however language granting permission to hunt on Sundays should be included in the written permission.

### What is meant by "written permission" as used in the new law?

A plain meaning interpretation of "written permission" involves four pieces of information: (i) the identity of the person who has been granted permission to hunt; (ii) the scope of the permission, which may include limitations; (iii) the identity of the landowner who gave the written permission, and (iv) the date the permission is given and expires. Such written permission must be provided after the effective date of the Act.

### Can I hunt rabbit, squirrel, and quail with dogs on Sundays?

If you are the landowner, a member of his or her family, or have the landowner's

written permission to hunt on Sunday, you may use dogs for rabbit, squirrel, and quail hunting.

### I have verbal rather than written permission from Mr. Smith to hunt his property because he does not post his property. Do I still need written permission from him to hunt his property on Sunday?

Yes and language granting permission to hunt on Sundays should be included in the written permission.

### Is Sunday hunting of waterfowl on private or public lands permissible except for those places within 200 yards of places of worship or for which geographical limitations are established by the Director?

Yes as long as no other prohibition precludes hunting waterfowl under the circumstances existing at the time hunting occurs.

### Is written permission required for someone waterfowl hunting on private property?

The new law does not require someone hunting waterfowl on private property on Sunday to have written permission. However, this does not displace any other laws or regulations that otherwise prohibit, limit or regulate hunting on private property. Written permission to hunt on posted property is required as with all other days of the week.

### The new law retained existing language that permits the hunting of raccoons until 2:00 a.m. on Sunday mornings. Is Sunday hunting of raccoons limited to this time period only, or may raccoon hunters also hunt on Sundays in accordance with other provisions of the new law?

Lawful hunting of raccoons on Sunday ends at 2:00 a.m. on Sunday morning. No other Sunday hunting of raccoons is allowed on either public or private lands.

### Prior to the new law Sunday hunting was permitted on licensed shooting preserves. Does this new law impact the Sunday hunting operation of the shooting preserves in any way?

The new law will not change anything with the current law for the operation of shooting preserves on Sunday for pen-raised game birds.

## Feral Hogs

Feral hogs (wild hogs, wild pigs, wild boar, or Russian boar) are designated as a nuisance species in Virginia. Any hog that is wild or free-roaming will be classified as a feral hog. They are an extremely invasive species and cause damage to wildlife habitat and agricultural lands wherever they exist. Feral hogs have been found to destroy turkey, grouse, and quail nests. They can also prey on deer fawns, destroy sensitive wetland habitat, contaminate waterways, and compete with our native wildlife for food resources. Feral hogs carry numerous diseases that can affect wildlife, domestic animals, and humans.

The DGIF is taking every measure possible to fight the spread of feral hogs in Virginia. If feral hogs are suspected or seen on private or public property, the DGIF asks that reports be made by calling our toll-free Virginia Wildlife Conflict Helpline (1-855-571-9003). It is illegal to release hogs to the wild in Virginia.

The DGIF does not currently have feral hogs established on any of its lands, nor do we release information on where to find feral hogs on private land. To harvest feral hogs, a person must have a hunting license and landowner permission. There is no closed season on private property. There is no daily bag limit or checking system for feral hogs.

For more information on feral hogs please visit:

## IT TAKES A HUNTER TO MAKE A HUNTER

Lee Walker

*Pass on the Tradition!*

## The Virginia Wildlife Crime Line

Since its inception in October 1986, the Virginia Wildlife Crime Line has become a valuable tool in the enforcement of the Commonwealth's game, fish and boat laws. As awareness of this program increases, so do the number of calls to report violations. The program has generated thousands of reported wildlife crime tips that have resulted in over a thousand arrests and nearly \$40,000 in approved rewards. Reward payments are approved and funded through the Virginia Sportsman Reward Fund, Inc. Their mission is to promote the enforcement of hunting, fishing, and boating laws in Virginia by supporting the Wildlife Crime Line in cooperation with the Virginia Department of Game and Inland Fisheries.

You can help support this effort by sending a tax-deductible donation to: Virginia Wildlife Crime Line, P.O. Box 11104, Richmond, VA 23230-1104.

## DEFINITIONS

### Archery Tackle

As used in this digest, archery tackle includes longbow, recurve bow, compound bow, and crossbow.

### Bait

Bait shall mean any food, grain, or other consumable substance that could serve as a lure or attractant; however, crops grown for normal or accepted agriculture or wildlife management purposes, including food plots, shall not be considered as bait.

### Dismal Swamp Line

Beginning at a point on Rt. 10 where it intersects the Isle of Wight County line, then along this highway to its intersection with the corporate limits of Suffolk, then through Suffolk to its intersection with Rt. 642 (White Marsh Road) and then along this highway in a southwest direction to Rt. 604 (Desert Road), and then southerly along this highway to the North Carolina state line.

### East & West of the Blue Ridge

Counties colored blue are west of the Blue Ridge and those counties in white are east of the Blue Ridge.

### Furbearer Species

Furbearer means beaver, bobcat, fox, mink, muskrat, opossum, otter, raccoon, skunk, and weasel.

### Game Animal

Game animal means bear, bobcat, deer, fox, rabbit, raccoon, and squirrel.

### Hunting and Trapping

The act of or the attempted act of taking, hunting, trapping, pursuing, chasing, shooting, snaring, or netting birds or animals, and assisting any person who is doing the same, regardless of whether birds or animals are actually taken.

### Loaded Crossbow or Muzzleloader

A muzzleloading firearm is considered "loaded" when the muzzleloader is capped, or has a charged pan, or has a primer or battery installed in the firearm.

The definition of a "loaded crossbow" is a crossbow that is cocked and has either a bolt or arrow engaged or partially engaged on the shooting rail or track of the crossbow, or with a "trackless crossbow" when the crossbow is cocked and a bolt or arrow is nocked.

### Nonmigratory Game Birds

Nonmigratory game bird means grouse, pheasant, bobwhite quail, and turkey.

### Nuisance Species

The following animals: house mouse, Norway rat, black rat, coyote, groundhog,

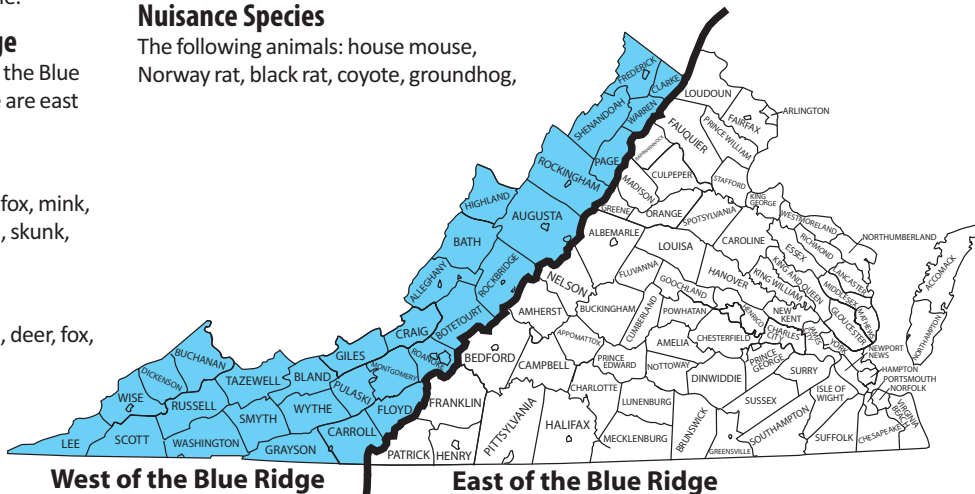

nutria, feral hog, European starling, English sparrow, mute swan, and pigeon (rock dove) are designated as nuisance species and may be taken at any time by use of a firearm or other weapon (unless prohibited by local ordinances, see page 25) and on some public lands during certain time periods (see National Forest-Game Department Regulations page 59).

### Other Wildlife

It is unlawful to take, possess, transport, release, or sell all other wildlife species not classified as game, furbearer, or nuisance, unless otherwise specifically permitted by law or regulation.

### Route 29 Line/Amherst County

The Route 29 "line" in Amherst County is defined as Business U.S. 29 from the James River to its intersection with U.S. 29 just south of the town of Amherst continuing north on U.S. 29 to the Tye River.

## MANDATORY HUNTER EDUCATION

Hunter Education courses provide instruction in hunter safety, principles of conservation, and sportsmanship. **The courses are composed of two sections:**

### Section 1 – Self-study.

Each student is required to study course material prior to the classroom portion.

### Section 2 – Classroom portion.

Students will focus on safety and ethics. A written test will be given at the end of the class. Test questions will cover material from the classroom portion and from the self-study material.

Courses are offered free of charge throughout the Commonwealth. For more information, go to the Hunter Education page at the DGIF website [www.dgif.virginia.gov/hunting/education/new](http://www.dgif.virginia.gov/hunting/education/new) or call the Hunter Education Coordinator at the nearest DGIF regional office [www.dgif.virginia.gov/about/offices/](http://www.dgif.virginia.gov/about/offices/).

Hunters over the age of 18 may also take hunter education completely online. There is a fee associated with these courses. For more information, go to [www.dgif.virginia.gov/hunting/education/new](http://www.dgif.virginia.gov/hunting/education/new).

### Hunter Education Requirements

You must complete an approved hunter education course and carry your card while hunting if either of the following apply:

- You are 12–15 years of age. (You must complete hunter education but you do not have to carry your card if accompanied and properly supervised by a licensed adult.)
- You are at least 16 years of age and you are hunting with your first hunting license.

*Virginia accepts and recognizes all states' and countries' hunting licenses and official hunter education credentials for the purpose*

*of complying with mandatory hunter education requirements. These may be in the form of an identification card or certificate.*

Although it is recommended for all hunters, you are not required to complete hunter education if:

- You only hunt foxes with hounds while on horseback, but without firearms.
- You are exempt from the requirement to purchase a license.
- You are under the age of 12. However, you may not hunt unless accompanied and directly supervised by a licensed adult.
- You are hunting with an apprentice license. In that case you must be accompanied and directly supervised by an adult over the age of 18 who has, on his person, a valid Virginia hunting license. "Accompanied and directly supervised" means the adult maintains close visual and verbal contact with, provides adequate direction to, and can immediately assume control of the firearm from the apprentice hunter. The apprentice hunting license cannot be used as proof of holding a previous hunting license, for the purposes of purchasing a hunting license without proof of hunter education.

If you purchase an apprentice hunting license and then complete hunter education, you may then use the apprentice license as a basic hunting license to hunt without supervision until it expires unless otherwise required by law to be supervised as in the case of hunting on a youth/apprentice hunting day where by department regulation apprentice hunters must be supervised by a licensed or an exempt licensed adult. You must carry proof of hunter education while hunting unsupervised.

Any person 16 years of age or older may certify that he or she has held a previously issued hunting license by signing the license.

## Hunter Skills Weekends

Every year in May and August Virginia Hunter Skills Weekends are offered near Appomattox, VA, through a partnership program by the Virginia Hunter Education Association, the DGIF, and Holiday Lake 4-H Educational Center. These unique educational programs are open to ages 11–90+ (children under 18 must attend with a parent). Three 4-hour sessions in a variety of topics provide skills development for new and seasoned hunters alike and include shooting, archery, survival, game cooking, tree stand safety, and a variety of hunting techniques. Completion of a Hunter Education course is preferred but not required. For more information on registration fees and dates visit [www.holidaylake4h.com](http://www.holidaylake4h.com), call Holiday Lake at (434) 248-5444, or e-mail [bbranch@vt.edu](mailto:bbranch@vt.edu).

**Q:** Is there a minimum age for taking a hunter education course?

**A:** There is no minimum age for taking a hunter education course. The only requirement is that a person taking the course must be able to comprehend and retain the information learned. Since the course is required for all 12–15 year-old hunting license buyers, it is designed for those 12 years of age. Some instructors may require that younger children be supervised by an adult companion. It is recommended that all children under 12 be accompanied by an adult.

### Tree Stand Safety Guidelines

- Use a full-body safety harness to secure yourself to the tree. Stay attached whenever you are off the ground. Minimize slack in the tether so that if you fall, it will not be very far. This reduces the risk of injury and may allow you to climb back into your stand. Hanging in a harness for a long time may cause irreversible injury or death. Have a plan for self-rescue.
- Never climb with equipment; use a haul line to get your unloaded gun or bow into and out of the tree stand. Crossbows may be raised while cocked, but should never be loaded with an arrow until you are securely in the stand and ready to hunt. It can be dangerous to try to cock a crossbow while in a tree.
- Keep manufactured tree stands in good working condition. Always follow the manufacturer’s instructions carefully.
- Many falls occur because of the failure of homemade stands, especially as they age. It is best to avoid them.
- While most manufactured tree stands are safe if used properly, they are occasionally found to be defective and recalled. To find out if your stand has been recalled, check the Consumer Product Safety Commission website at [www.CPSC.gov](http://www.CPSC.gov).

### Tips for Taking New Hunters Afield

- ☞ Help new hunters prepare. Get them excited by sighting-in or patterning firearms, selecting equipment, planning hunts, and fine-tuning their hunting skills.
- ☞ Make sure they have adequate clothing for the weather.
- ☞ Make sure the gun or bow is appropriate for the novice’s size and skill level.
- ☞ Do not focus on killing an animal. Instead, stress enjoyment of the hunt.
- ☞ Keep hunts to reasonable length according to age. Take reasonable bathroom breaks. Be conscious of uncomfortable weather. If you insist that you both stay in the tree stand all day in freezing weather with strong winds, it will likely be the last time the novice goes hunting.
- ☞ It is your responsibility to keep new hunters safe. Make sure everyone follows firearm and tree stand safety rules.
- ☞ Safety also includes boats if they are used.
- ☞ When the new hunter is very inexperienced, it is best for the two of you to carry only one firearm. It is safer, and your focus should be on the novice. If both of you are to shoot, then take turns (the novice should get the first shot, of course).

## HUNTING LICENSES & FEES

Every person who is required to have a license must carry such license and shall show the license immediately upon request of any officer whose duty it is to enforce the game and inland fish laws, or upon the demand of any owner or lessee, or any employee or representative of such owner or lessee, upon whose land or water such person may be hunting, trapping, or fishing.

A license is not valid unless signed by the licensee.

### Residency Qualifications

- Persons who have been a bonafide resident of the city, county, or state for six consecutive months immediately preceding the date of purchasing a license.
- Persons who have been domiciliary residents of the state for at least two months upon approval of a completed affidavit to be furnished by the Department.
- Legal voters in Virginia.
- Members of the armed forces if they reside in Virginia and are on active duty and are stationed at military installations within, or on ships based in, Virginia.
- Students (including nonresident students boarding on campus) residing in Virginia who are enrolled in bonafide Virginia schools.
- Unnaturalized owners of real property in Virginia who have resided in a county for five years immediately prior to making application for a license may apply for resident licenses only in the county where they qualify.

### License Exemptions

All persons, except those listed below, must purchase the proper licenses before hunting or trapping. Where exempt, the exemption means the individual is exempt from the basic hunting license, bear, deer, turkey license, archery license, muzzleloading license, and Virginia Migratory Waterfowl Conservation Stamp. All seasons, bag limits, and checking requirements apply.

- Resident or nonresident landowners, their spouses, their children and grandchildren and the spouses of such children and grandchildren, or the landowner's parents, resident or nonresident, do not need a license to hunt, trap or fish (on inland waters) within the boundaries of their own lands.
- Tenants, on the land they rent and occupy, are not required to have a license, but must have the written

permission of the landowner. Persons who lease property and do not permanently reside there are not exempt from license requirements.

- **Residents, 65 years of age and over, do not need a license to hunt or trap on private property in their county or city of residence.**
- Resident hunters under the age of 12 are not required to have a hunting license or hunter education. Nonresident hunters under the age of 12 need a hunting license but do not need hunter education to purchase one. All hunters under the age of 12 may not hunt unless accompanied and directly supervised by a licensed adult.
- Residents under the age of 16 are not required to have a license to trap when accompanied by any person 18 years of age or older who possesses a valid Virginia trapping license.
- Any person who is not hunting, but is aiding a disabled person to hunt when such disabled person possesses a valid Virginia Disabled Resident Lifetime hunting license or a Virginia Resident Disabled Veteran Lifetime license is not required to have a license.
- Any Indian who "habitually" resides on an Indian reservation or a member of the Virginia recognized tribes who resides in the Commonwealth is not required to have a hunting or trapping license; however, such Indian must have on his person an identification card or paper signed by the chief of his tribe, a valid tribal identification card, written confirmation through a central tribal registry, or certification from a tribal office.
- Stockholders owning 50 percent or more of the stock of any domestic corporation owning land in Virginia, his or her spouse and children and minor grandchildren, resident or nonresident, do not need a license to hunt, trap and fish within the boundaries of lands and inland waters owned by the domestic corporation.

**Q: If you buy the apprentice license do you still need to buy a Bear, Deer, Turkey License, etc?**

**A:** Yes, the apprentice license is in place of the basic hunting license. Any additional license, stamps, or permits would still be required.

## Take a Friend, Make A Hunter

### Virginia Apprentice Hunting License

The apprentice hunting license serves as a first-time Virginia resident or non-resident hunting license and is good for 2 years.

Previous Virginia resident and non-resident hunting license holders may not purchase an apprentice license.

The license entitles the holder to a one-time deferral of the hunter education requirement.

The apprentice license holder must be accompanied and directly supervised by a mentor over 18 who has on his or her person a valid Virginia hunting license. "Accompanied and directly supervised" occurs when a person over 18 maintains a close visual and verbal contact with, provides adequate direction to, and can immediately assume control of the firearm from the apprentice hunter.

If you purchase an apprentice hunting license and then complete hunter education, you may then use the apprentice license as a basic hunting license to hunt without supervision until it expires unless otherwise required by law to be supervised as in the case of hunting on a youth/apprentice hunting day where, by Department regulation, apprentice hunters must be supervised by a licensed or an exempt licensed adult.

If hunting unsupervised you must carry proof of hunter education while hunting.

The apprentice license does not qualify the holder to purchase a regular hunting license, nor exempt the holder from compliance with Department regulations.

A bear, deer, turkey license and all applicable licenses, stamps, or permits are required in addition to the apprentice license.

## Which Licenses Do I Need?

To hunt in Virginia, a resident or nonresident hunting license is required, unless you are license exempt (see page 14). Other licenses, permits, or stamps may also be required depending on species hunted and location of hunt. Before purchasing a hunting license or permit, make sure you understand what qualifies as a Virginia residency, that you really need a license or permit based on the exemptions, and you have met the hunter safety requirements.

### To Hunt Small Game

A hunting license is required. A National Forest Permit or State Forest Use Permit may also be required.

### To Dove, Woodcock, Snipe, or Rail Hunt

A hunting license and HIP number are required. Register for HIP online at [www.HuntFishVA.com](http://www.HuntFishVA.com) or call 1-888-788-9772. A National Forest Permit or State Forest Use Permit may also be required.

### To Bear, Deer, and Turkey Hunt

A bear, deer, turkey license is required in addition to a hunting license. **(This license is valid from July 1–June 30 only.)** A National Forest Permit, State Forest Use Permit, or Bonus Deer Permits may also be required.

### To Hunt With Archery Tackle

An archery license is required when using any archery tackle where the arrow is held in its drawn position by the hunter. Required in addition to a hunting license if hunting with a bow and arrow (longbow, recurve, or

compound) or crossbow during any archery season. A bear, deer, turkey license, National Forest Permit, State Forest Use Permit, or Bonus Deer Permits may also be required.

### To Hunt With a Muzzleloader

A muzzleloading license is required in addition to the hunting license if hunting with a muzzleloading firearm during any muzzleloader deer season. A bear, deer, turkey license, National Forest Permit, State Forest Use Permit, or Bonus Deer Permits may also be required.

**If hunting with archery tackle or muzzle-loading rifle during any firearms deer season you do not need an archery or muzzleloading license.**

### To Trap

A trapping license is required to trap. A National Forest Permit or State Forest Use Permit may also be required.

### To Waterfowl Hunt

A hunting license, Federal Duck Stamp, Virginia Migratory Waterfowl Conservation Stamp and a HIP number are required. Register for HIP online at [www.vahip.com](http://www.vahip.com) or call 1-888-788-9772. A National Forest Permit or State Forest Use Permit may also be required.

## Lifetime Licenses

Resident and nonresident lifetime licenses are purchased by an application and require supporting documentation of age, residency, and/or disability. They are issued only through the Richmond office. Retail license agents cannot issue these licenses. Applications can be submitted in person at the Richmond office or mailed in. License applications can be found on the Department's website at [www.huntfishva.com/licenses/lifetime/](http://www.huntfishva.com/licenses/lifetime/).

## Replacement Licenses

If you purchased a license from a retail license agent, such as a sporting goods store, you can request a replacement at any retail license agent.

If you purchased a license online, by phone, or from the Richmond office you will need to request a replacement by calling toll-free 1-866-721-6911 during regular business hours.

**Q:** If you turn 16 after you purchase a junior license is it still good or do you need to purchase another license for 16 and older?

**A:** Your license is good until it expires.

**Q:** I want to hunt deer during the archery season with a compound bow and a crossbow. What licenses do I need?

**A:** You will need a basic hunting license (county or state), a bear, deer, turkey license and an archery license. The archery license covers use of any type of archery tackle including crossbows.

## Share a lifetime of memories!

### Give a Legacy Lifetime Hunting License

- Issued only to an individual who is younger than two years of age and is valid for the lifetime of the license holder regardless of any change in that person's status as a resident or nonresident.
- Legacy hunting license is valid until the individual's 12th birthday. Upon proof of completion of a hunter education course or equivalent, this license is transferable to a lifetime hunting license at no additional charge.
- The Legacy hunting or fishing license is available by application through the Richmond office or via a mail-in application. Application available online. Cost is \$125 for resident children and \$250 for nonresident children.

Can be purchased in person at the Richmond office or via a mail-in application. Application available online.

## Where to Get a License

- ◆ Online: [www.HuntFishVA.com](http://www.HuntFishVA.com). Select the license(s) you want, pay with your VISA or MasterCard, and print your license(s) after you pay.
- ◆ In Person: Sold by some clerks of the Circuit Court and hundreds of license agents around the state.
- ◆ By Phone: 1-866-721-6911 during regular business hours.

### Federal Electronic or “E-stamp” Duck Stamp Program

Virginia has been chosen to participate in the U.S. Fish and Wildlife Service’s pilot online Federal Duck Stamp program known as electronic stamp or E-Stamp. (A Federal Duck Stamp is required for all persons 16

years and older in order to hunt waterfowl.) Waterfowl hunters can still purchase their Federal Duck Stamp at U.S. Post Offices, but this new program provides a convenient on-line option whereby hunters can obtain an E-stamp. The E-stamp is valid immediately following the purchase and for up to 45 days. The actual Federal Duck Stamp will be mailed to the customer within 45 days and must be carried thereafter while hunting waterfowl.

To obtain the E-stamp Federal Duck stamp go to the Department’s website ([www.HuntFishVA.com/licenses/](http://www.HuntFishVA.com/licenses/)) and click on hunting and fishing licenses or visit one of over 800 license agents throughout the Commonwealth.

**Q:** Is it true that I must now wear blaze orange during the muzzleloading seasons for deer when hunting with a muzzleloading rifle?

**A:** Yes, you and anyone accompanying you. It must be worn to and from your stand or while moving. Once you get to your stand where you will be immobile, you may remove the blaze orange clothing.

## HUNTING HOURS

(See page 75 for sunrise-sunset table)

- One-half hour before sunrise to one-half hour after sunset for nonmigratory birds and game animals except during spring gobbler season.
- One-half hour before sunrise until 12 noon during spring gobbler season, except the last 12 days when the hunting hours are 1/2 hour before sunrise until sunset.
- One-half hour before sunrise to sunset for Youth/Apprentice Spring Turkey Hunting Day.
- Hours for bear hound training season are from 4:00 a.m. to 10:00 p.m daily, including Sundays.
- Bobcat, foxes, raccoons, and opossums may be hunted by day or night during authorized seasons.
- Raccoons may be hunted until 2 a.m. on Sundays. No other Sunday hunting of raccoons is permitted.
- Nuisance species may be taken day or night.

## BLAZE ORANGE

### Requirements

When hunting any species during a firearms deer season and on youth/apprentice deer hunting day, every hunter (see exceptions below), or persons accompanying a hunter, shall wear a blaze orange hat or blaze orange upper body clothing that is visible from 360 degrees or display at least 100 square inches of solid blaze orange material at shoulder level within body reach and visible from 360 degrees. Hats may have a bill or brim color or design other than solid blaze orange. Hats shall not be in “camo” style, since the latter is designed to prevent visibility. A logo, which does not detract from visibility may be worn on a blaze orange hat.

Hunters using ground (pop-up, chair, box, etc.) or tree stand blinds that conceal them from view must display a minimum of 100 square inches of blaze orange, visible from 360 degrees, on the OUTSIDE of such blinds. This blaze orange is in addition to any worn on the hunter’s person.

During the muzzleloader seasons for hunting deer with a muzzleloading rifle only, every muzzleloader deer hunter and every person accompanying a muzzleloader deer hunter shall wear blaze orange as specified above except when they are physically located in a tree stand or other stationary hunting location.

### Exceptions

- Blaze orange is not required of waterfowl hunters, dove hunters, individuals participating in hunting dog field trials, and fox hunters on horseback without firearms.
- Blaze orange is not required of hunters hunting with archery tackle during an open firearms deer season, in areas where the discharge of firearms is prohibited by state law or local ordinance, are exempt from the blaze orange requirement.
- Blaze orange is not required of any hunters hunting during the muzzleloader deer seasons, other than muzzleloader deer hunters, as specified above.

## HUNTING WITH DOGS

- The hunting of deer or bear with a gun, firearm, or other weapon with the aid or assistance of dogs on Sunday is prohibited.
- Dogs may be used to pursue wild birds and animals during hunting seasons where not prohibited.
- Section 18.2-136 of the Code of Virginia decriminalizes trespass in certain instances related to dog retrieval. That section provides: "Fox hunters and coon hunters, when the chase begins on other lands, may follow their dogs on prohibited lands, and hunters of all other game, when the chase begins on other lands, may go upon prohibited lands to retrieve their dogs, falcons, hawks, or owls, but may not carry firearms or bow and arrows on their person or hunt any game while thereon. The use of vehicles to retrieve dogs, falcons, hawks, or owls on prohibited lands shall be allowed only with the permission of the landowner or his agent. Any person who goes on prohibited lands to retrieve his dogs, falcons, hawks, or owls pursuant to this section and who willfully refuses to identify himself when requested by the landowner or his agent to do so is guilty of a Class 4 misdemeanor."
- Tracking dogs maintained and controlled on a lead may be used to find a wounded or dead bear or deer statewide during any archery, muzzleloader, or firearm bear or deer hunting season, or within 24 hours of the end of such season, provided that those who are involved in the retrieval effort have permission to hunt on or to access the land being searched and do not have any weapons in their possession. (See exception for valid concealed handgun permit holders on page 22.)
- It is unlawful to use dogs when hunting any species with archery tackle during any archery season.
- It is unlawful to chase with dogs or hunt with dogs or to attempt to chase or hunt with dogs any wild animal from a baited site or to train dogs on any wild animal from a baited site. Furthermore, it shall be unlawful to place, distribute, or maintain bait or salt for any wild animal for the purpose of chasing with dogs, hunting with dogs, or the training of dogs. When hunting or training with dogs a baited site will be considered to be baited for 30 days following the complete removal of all such bait or salt.
- It is unlawful to intentionally cripple or otherwise harm any game animal for the

intent of continuing a hunt, or chase, or for the purpose of training dogs. Upon treeing, baying, or otherwise containing an animal in a manner that offers the animal no avenue of escape, the person or the hunting party shall either harvest the animal if within a legal take season and by using lawful methods of take or terminate the chase by retrieving the dogs and allowing the animal freedom to escape for the remainder of the same calendar day.

- It is unlawful to dislodge an animal from a tree for the intent of continuing a hunt, or chase, or for the purpose of training dogs.

## TRAINING DOGS

The training of dogs on live wild animals is considered hunting and you must have a valid hunting license while training, and is unlawful during the closed season except as noted below.

- You may train dogs during daylight hours on squirrels and nonmigratory game birds on private lands and on rabbits from 1/2 hour before sunrise until midnight on private lands. Participants shall have no weapons other than starter pistols in their possession and no wild animals shall be taken. Weapons may be in possession when training dogs on captive raised and properly marked mallards and pigeons so that they may be immediately shot or recovered, except on Sunday.
- You may train dogs on National Forest or Department-owned lands only during authorized training seasons that specifically permit these activities.
- You may train dogs on quail on desig-

No weapons other than starter pistols may be in possession, and pen-raised birds may not be released.

- Pen-raised quail may be released at any time on private land with landowner permission. However, birds can only be shot during the regular quail season. Regular bag limits apply.
- You may train dogs during daylight hours on rabbits and nonmigratory game birds on the Weston WMA from September 1 thru March 31, both dates inclusive. Participants in this dog training season shall have no weapons other than starter pistols in their possession, shall not release pen-raised birds, and must comply with all regulations and laws pertaining to hunting. No game shall be taken.

### Report Your Lost Hunting Dog

The VHDA missing dog site allows owners of missing Virginia hunting dogs to record facts, photos, and the exact last sighting location of their missing dogs and print a poster to use locally. Uniquely, it notifies via email Virginia's licensed shelters statewide that the dog is being sought.

## HUNTING ON PRIVATE PROPERTY

Trespass violations, posting property, and access issues are all concerns that affect a landowner's decision to allow hunting.

Hunters are reminded that it is unlawful to hunt on private property without the permission of the landowner, and hunters must have the permission of the landowner to track or retrieve wounded game on private property.

### On Posted Property

It is unlawful to hunt without written permission of the landowner and is punishable by a fine of up to \$2500 and/or 12 months in jail.

### On Property Not Posted

It is unlawful to hunt any unposted property without permission of the landowner and is punishable by a fine of up to \$500.

### Landowners may post their property by any of the following methods:

- Using a paint mark of aluminum color paint consisting of a vertical line at least 2 inches in width and at least 8 inches in length, no less than 3 feet and not more than 6 feet from the ground or normal water surface and visible when approaching the property.
- Signs that specifically prohibit hunting, fishing, or trespassing on the property.

## WHAT LANDOWNERS SHOULD KNOW

For landowners, finding responsible hunters can provide many benefits for both the landowner and sportsmen allowed access to the property. There are benefits of having responsible hunters included as an important part of the landowner's wildlife management plan, especially if they are absentee or do not hunt themselves. There are many in-kind benefits of such relationships including road maintenance, habitat improvement, security, and safety. Hunt clubs are also helpful, and lease fees can offset property taxes. Information on locating responsible hunters can be found by contacting local civic groups like Ruritans, or 4-H Clubs, sporting goods shops, and area landowner contacts that participate in Tree Farm or Stewardship Programs. Members of sportsmen's conservation organizations that are dedicated, reputable partners with DGIF promote safety, ethical practices, habitat improvement, and scientific management of wildlife.

### Liability

Concern about legal liability for recreationists prevents some landowners from permitting hunting on their property. However, the Virginia General Assembly has addressed this concern in Virginia Code Section 29.1-509. Amended in 1982, this law exempts landowners who provide recreational opportunities to the public from liability for injury or damages, provided:

- the landowner does not charge a fee.
- there is no gross negligence or "willful or malicious failure to guard or warn against a dangerous condition, use, or structure" on the property.

The property owner should eliminate obvious hazards such as open wells and falling down buildings, or fence off and identify with warning signs any hazard that cannot be eliminated, such as a rock quarry. The landowner may wish to consider insuring the property subject to casualty and obtain comprehensive liability insurance. These are relatively inexpensive additions to standard and homeowner insurance policies. Sportsmen can be asked to help provide financial or other support in return for permission to use the lands.

Fundamentally, sportsmen are responsible for their own safety and for any damages they cause to the property of others. Lease agreements and individual permit cards (samples available here and on the Department website) include codes of ethical conduct while the holders are on the property.

Furthermore, landowners can require sportsmen to show proof of insurance. Sportsman insurance is available through insurance companies and national sportsman organizations.

Detailed information on leasing, liability, and posting can be found in Extension Publication # 420-035 entitled "A Landowner's Guide to Working With Sportsmen in Virginia." Available online at [www.ext.vt.edu/pubs/forestry/420-035/420-035.html](http://www.ext.vt.edu/pubs/forestry/420-035/420-035.html).

**Q:** I have a .45 caliber six shot muzzle-loading pistol. May I use it to hunt deer and bear during the muzzle-loading seasons if I only load one chamber?

**A:** No, it must be a single shot muzzleloading pistol.

## LEGAL USE OF FIREARMS AND ARCHERY TACKLE

Special restrictions may apply to specific firearms use in some counties. See Local Firearms Ordinances, pg. 25 for details.

- No restrictions on shot size except for spring gobbler season when it is unlawful to have any shot in possession larger than number 2 fine shot while hunting.
- Shotgun must not be larger than 10 gauge.
- Unplugged shotguns are legal for hunting nonmigratory game and crows.
- Shotgun barrels must be at least 18 inches long.
- Shotguns with rifled barrels are permitted in areas where slugs may be used.
- All game birds and animals, except deer, may be hunted with shotguns from boats. Hunters must have permission from the landowner to hunt/retrieve game located on private land.
- Rifles used for deer or bear must be .23 caliber or larger.
- Rifles (including air rifles) may be used for taking wild animals and wild birds, except migratory game birds and waterfowl, and where prohibited by local ordinances.
- Rifles (including air rifles), pistols, and revolvers may be used for hunting crows and turkeys, except where prohibited by local ordinances.
- Pistols, revolvers, and muzzleloading pistols may be used for small game, except where prohibited by local ordinances.
- Pistols and revolvers are lawful for deer and bear hunting only in those counties where hunting deer and bear with rifles is lawful. Cartridges used must be .23 caliber or larger and have a manufacturer's rating of 350 foot-pounds muzzle energy or more.

- Muzzleloading pistols of .45 caliber or larger (.50 caliber or larger is recommended) are permitted for hunting big game where and in those seasons when the use of muzzleloading rifles is permitted.
- Muzzleloading shotguns, muzzleloading rifles, or archery tackle may be used to hunt during the firearms seasons where not prohibited.
- Archery tackle (including crossbows) may be used for hunting wild birds and animals.
  - The laws governing the use of archery tackle also apply to crossbow tackle.

## Keep Your Firearms Pointed in a Safe Direction

### Valid Concealed Handgun Permit Holders May:

Nothing in any Department regulation shall prohibit the possession and transport of a concealed handgun when the individual possesses a valid concealed weapon permit as defined in the Code of Virginia. The granting of a concealed handgun permit shall not thereby authorize the possession of any handgun or other weapon on property or in places where such possession is otherwise prohibited by law or is prohibited by the owner of private property. Furthermore, the possession of a concealed handgun permit does not authorize the use of the concealed handgun for hunting.

**Q:** If I have a concealed handgun permit can I carry a concealed handgun upon prohibited property to retrieve my dogs?

**A:** No, you must have a private landowner’s permission to carry the handgun onto their property.

## ALL TERRAIN VEHICLE (ATV) LAWS

No ATV shall be operated:

- On any public highway, or other public property, except as authorized by proper authorities or to the extent necessary to cross a public highway by the most direct route.
- By any person under the age of 16, except that children between the ages of 12 and 16 may operate ATVs powered by engines of no less than 70 cubic centimeters nor more than 90 cubic centimeters displacement.
- By any person unless he is wearing a protective helmet of a type approved by the Superintendent of State Police for use by motorcycle operators.
- On another person’s property without the written consent of the owner of the property or as explicitly authorized by law.
- With a passenger at any time, unless vehicle is designed and equipped to be operated with more than one rider.

The above does not apply to members of the household or employees of the owner or lessee of private property on which the ATV is operated.

## UNLAWFUL METHODS

Penalties may include hunting or trapping privilege revocation for one year to life and forfeiture of firearms.

**A person found guilty of a violation a second time within three years of a previous conviction shall have their hunting or trapping privilege revoked by the court trying the case.**

### It is unlawful to:

- Hunt or kill any wild bird or wild animal, including any nuisance species, with a gun, firearm, or other weapon, or to hunt or kill any deer or bear with a gun, firearm, or other weapon with the aid or assistance of dogs, on Sundays.

#### Exceptions to Sunday hunting prohibition:

1. Raccoons may be hunted until 2:00 a.m. on Sunday mornings.
  2. Waterfowl may be hunted on Sundays subject to geographical limitations established by the Director and except within 200 yards of a place of worship or any accessory structure thereof.
  3. Any landowner or member of his family or any person with written permission from the landowner may hunt or kill any wild bird or wild animal, including any nuisance species, on the landowner’s property on Sunday, except within 200 yards of a place of worship or any accessory structure thereof.
  4. Hunting is permitted on licensed shooting preserves.
- Hunt migratory game birds with a shotgun capable of holding more than three shells in the magazine and chamber, combined, unless allowed by federal regulations and authorized by the Department.
  - Hold in captivity any live wild birds or wild animals outside the limits allowed by regulations without a permit.
  - Discharge a firearm or archery tackle in or across or within the right-of-way of any public road.
  - Cast a light attached to a vehicle or from a vehicle beyond a roadway upon places used by deer without written permission of the landowner or at anytime while in the possession of a rifle, shotgun, pistol, archery tackle, or speargun.
  - Handle any firearm in a reckless manner so as to endanger the life, limb, or property of any person.
  - Destroy, mutilate, or take down “posted” signs or to litter.

## 2014 Virginia Big Game Contest

### Eastern Regional

September 13–14, 2014

Hampton Roads Convention Center, 1610 Coliseum Dr., Hampton

[www.vpsa.org](http://www.vpsa.org)

### Western Regional and State Championship

September 27–28, 2014

Rockingham County Fairgrounds, Harrisonburg

[www.iwla-rh.org](http://www.iwla-rh.org)

Bear, deer, and turkey harvested in Virginia are eligible for entry into the Eastern or Western Regional Big Game Contest. Each entry must be accompanied by the appropriate game check card or confirmation number from telephone or Internet checking.

To enter a turkey in a State/Regional Big Game Contest, successful hunters must weigh their birds on a certified scale and create a “Weight Certification” card. Form is available at [www.dgif.virginia.gov/hunting/regulations/wild-turkey-weight-certification.pdf](http://www.dgif.virginia.gov/hunting/regulations/wild-turkey-weight-certification.pdf).

Sponsored by the Virginia Peninsula Sportsmen’s Association and the Rockingham-Harrisonburg Chapter Izaak Walton League of America.

For contest information: [www.iwla-rh.org](http://www.iwla-rh.org) or [www.vpsa.org](http://www.vpsa.org).

- Take or attempt to take wild animals and wild birds with the exception of bobcats, coyotes, crows, and foxes by the use or aid of recorded animal or bird calls or sounds or recorded or electrically amplified imitation of animals or bird calls or sounds; provided, that electronic calls may be used on private lands for hunting bobcats, coyotes, and foxes with written permission of the landowner and on public lands except where specifically prohibited.
- Hunt adjacent to forest fires.
- Willfully and intentionally impede the lawful hunting or trapping of wild birds or wild animals.
- Kill or cripple and knowingly allow any nonmigratory game bird or game animal to be wasted without making a reasonable effort to retrieve the animal and retain it in possession.
- Hunt under age 12 without being accompanied and directly supervised by a licensed parent, guardian, or other adult designated by the parent or guardian. The term “accompanied and directly supervised” means the adult maintains close visual and verbal contact, provides adequate direction to, and can immediately assume control of the firearm.
- Hunt with an Apprentice Hunting License prior to completing hunter education unless accompanied and directly supervised by an adult over the age of 18 who has, on his person, a valid Virginia hunting license. For the purposes of this section, “accompanied and directly supervised” occurs when a person over 18 maintains a close visual and verbal contact with, provides adequate direction to, and can immediately assume control of the firearm from the apprentice hunter. Upon completion of hunter education and unless otherwise required by law to be supervised (as in the case of hunting on a youth/apprentice hunting day where by department regulation apprentice hunters must be supervised by a licensed or an exempt licensed adult), the apprentice hunting licensee may hunt unsupervised subject to the requirements of applicable state law and regulations.
- Shoot a rifle or pistol at wild birds or animals on or over the public inland waters of the state. However, licensed trappers may shoot a .22 caliber rimfire rifle or pistol on or over public inland waters for the purpose of dispatching trapped animals.

### Unlawful Feeding of Certain Wildlife

Not only is it illegal to hunt, chase with dogs, or attempt to kill game birds and animals from a baited site, it is also illegal to feed some wildlife under certain circumstances. The Department does not encourage the feeding of wildlife at any time of the year. Feeding restrictions help control the transmission of diseases, nuisance problems, littering concerns, and enforcement issues about hunting with bait.

It is unlawful to feed deer or elk at certain times. For more information see page 45.

It is unlawful to feed bears anytime. For more information see page 31.

- Carry a loaded rifle or pistol on a boat or other floating device on public inland waters for hunting wild birds or animals.
- Shoot waterfowl or migratory game birds from a boat being propelled by a motor.
- Hunt while under the influence of intoxicants or narcotic drugs.
- Molest eggs, nest, den, or young of any wild bird or animal, except nuisance species, at any time without a permit as required by law.
- Occupy any baited blind or other baited place for the purpose of taking or attempting to take any wild game bird or wild game animal or to put out bait or salt for the purpose of taking or killing any wild game bird or wild game animal, except for the purpose of trapping furbearing animals.
- Shoot or attempt to take any wild bird or animal from any vehicle, except as otherwise provided by law.
- Exceed the bag limit or possess over the daily limit of any wild bird or animal while in the forests, fields, or waters of this state.
- Use vehicles or possess firearms (including concealed weapons) while retrieving dogs on private lands without permission of the landowner.
- Use live birds or animals to decoy or call game.
- Kill or attempt to kill any deer while in a boat or other type of watercraft.
- Hunt or attempt to kill or trap any species of wild bird or wild animal after having obtained the daily bag or season limit during such day or season. However, any properly licensed person, or a person exempt from having to obtain a license, who has obtained such daily bag or season limit while hunting may assist others who are hunting game by calling game, retrieving game, handling dogs, or conducting drives if the weapon in

possession is an unloaded firearm, a bow without a nocked arrow, or an unloaded crossbow. Any properly licensed person, or person exempt from having to obtain a license, who has obtained such season limit prior to commencement of the hunt may assist others who are hunting game by calling game, retrieving game, handling dogs, or conducting drives, provided he does not have a firearm, bow, or crossbow in his possession.

- Alter, change, borrow, or lend a hunting license or permit.
- Hunt with explosive head arrows or arrows to which any drug, chemical, or toxic substance has been added.
- Possess or transport any wild bird or wild animal or the carcass or the parts thereof, unless specifically allowed and only in accordance with regulations.
- Hunt wild birds and wild animals with fully automatic firearms, (i.e., machine guns).
- Sell or purchase any wild bird or wild animal carcass or parts thereof, except as specifically permitted by law.
- Use radio tracking equipment, except on dogs or on raptors permitted by a falconry permit, to aid in the chase, harvest or capture of wildlife.

### Shooting From the Road is Illegal

Shooting at wildlife from a vehicle and/or from or across a public road is illegal.

Penalties include: fines, license revocation, and forfeiture of firearms.

## LOCAL FIREARMS ORDINANCES

The following counties and cities have regulations concerning the use and transportation of firearms. The number or numbers following that county name indicate the regulations listed below for that particular county. In addition, certain counties have ordinances other than those listed, primarily pertaining to possession of firearms near parks or schools, hunting or discharging firearms near populated areas, residences, or buildings, and age limitations for possession of loaded firearms on public roads. Before hunting in a county or city, hunters should become familiar with all ordinances particular to that county or city by contacting the county or city directly. If a locality is not listed, state firearms restrictions apply (see Legal Use of Firearms and Archery Tackle on page 22).

- No discharge of firearms except on approved ranges.
- No rifles larger than .22 for hunting.
- It is unlawful to hunt with a muzzle-loading shotgun loaded with slugs or sabot slugs.
- Deer hunting with a rifle of a caliber larger than .22 rimfire is prohibited in the county. However, hunting of groundhogs with a rifle of a caliber larger than a .22 rimfire between March 1 and August 31 is permitted, and a rifle of a caliber larger than a .22 rimfire may be used for hunting all other game, bird, and varmint species as allowed by state law and regulations. Deer hunting with a shotgun loaded with slugs is permitted so long as such hunting is conducted from a stand located at least ten feet in elevation above the ground.
- It is lawful to hunt groundhogs with rifles of a caliber larger than .22 rimfire during the season between March 1 and August 31.
- No rifles larger than .22 for hunting except groundhogs outside of the regular hunting season.
- No rifles for deer hunting.
- No rifles for big game hunting.
- It shall be unlawful to hunt in the county with a rifle, pistol, or revolver of a caliber larger than .22 caliber or with a shotgun loaded with slugs, except that rifles of a larger caliber and pistols or revolvers firing cartridges rated in manufacturers' tables at 350 foot pounds of energy or greater may be used to hunt from a stand elevated at least 10 feet from the ground, provided that no cartridge shall be used with a bullet of less than .23 caliber.
- It shall be unlawful to have in immediate possession any hunting firearm other than a muzzleloading rifle while hunting with a muzzleloading rifle during the early muzzleloader season.
- It shall be unlawful to hunt with a firearm on or within the ditch line of any primary or secondary highway.
- It is lawful to use muzzleloading rifles for game animals in the regular hunting season.
- It is lawful to hunt deer with muzzle-loading rifles only from stands elevated 10 feet.
- It is unlawful to hunt from the road with firearms.
- It is unlawful to hunt with firearms from the road and within 10 feet of the ditch bank.
- It is unlawful to hunt within 100 feet of the road.
- Muzzleloading rifles are permitted during any authorized deer season where firearms are permitted.
- It is unlawful to hunt with a firearm within 100 yards of a road.
- It is unlawful to transport, possess or carry a loaded rifle in any vehicle while on the road from October 1 through February 15.
- It shall be unlawful to discharge or shoot any firearm or other weapon in or along any public road or street or within 100 yards thereof or within 100 yards of any building occupied or used as a dwelling or place where the public gathers, not his own dwelling or residence.
- Except for target shooting, no person shall shoot an arrow from a bow with a peak draw weight of 10 pounds or more within 150 feet of a business, public building, public gathering, public meeting place, or dwelling of another unless they have the permission of the dwelling owner or occupant.
- It is unlawful to possess a loaded firearm on the road except when permission to hunt is obtained from landowners on each side.

23. It is unlawful to transport, possess, or carry a loaded shotgun or loaded rifle in any vehicle on any public street, road, or highway within the county during the time between sunset and sunrise.
24. No rifles over .22 caliber for hunting except for groundhogs between March 1 and August 31.
25. No hunting with firearms of game species from within 100 yds. of a road.
26. No hunting with firearms of any game animal from the road right-of-way.
27. No hunting with firearms from the road including ditch to ditch.
28. No hunting with a rifle larger than .22 caliber during the deer season.
29. When 100 yds. from a road and elevated from a stand 15 ft. above ground a rifle may be used to hunt big game east of the Dismal Swamp line.
30. It shall be unlawful for any person to hunt any bird or game animal using a muzzleloading rifle or a shotgun loaded with slugs, except from a stand elevated at least 10 feet above the ground.
31. All hunting within the City of Hampton is prohibited, with the exception of shotgun hunting from a licensed blind. No shot larger than 00 buckshot may be used, and no shot shall be discharged landward within 500 feet of the shoreline.
32. It is lawful to hunt deer with muzzleloading rifles only from stands elevated at least 10 feet above the ground; however, this requirement shall be expressly inapplicable to all legally handicapped persons.
33. The use of a muzzleloading rifle shall be permitted during the early muzzleloading season and during the entire regular firearms season for deer hunting.
34. It is unlawful to transport or possess a loaded shotgun or rifle in a vehicle on a road during open deer season.
35. It shall be unlawful to possess outside of a vehicle, or shoot or hunt with a rifle, muzzleloader, pistol, or shotgun loaded with slugs, or to possess shotgun slugs on Ragged Island Wildlife Management Area in Isle of Wight County. In addition, it shall be unlawful to discharge any firearm within 100 yards of the boardwalk or nature trail on Ragged Island Wildlife Management Area.
36. It is unlawful to discharge a firearm from or across any sidewalk, highway or on public land.
37. It is unlawful for minors to carry firearms on public highways or public lands unless accompanied by certain adults.
38. It shall be unlawful to use a rifle of a caliber larger than .22 rimfire except that groundhogs may be hunted with a rifle of a caliber larger than .22 rimfire between March 1 and August 31 and coyotes may be hunted for the entire year.
39. It shall be lawful to use muzzleloading rifles for deer and squirrels during the regular seasons.
40. It shall be unlawful to discharge a rifle larger than .22 caliber, a muzzleloader larger than .36 caliber, or a shotgun loaded with slugs except from stands elevated at least 10 feet above the ground, except for groundhogs in certain areas between March 1 and September 1.
41. It shall be unlawful to hunt with a muzzleloading rifle at any time.
42. It shall be unlawful to use a rifle of a caliber larger than .22 rimfire except that groundhogs may be hunted with a rifle of a caliber larger than .22 rimfire between March 1 and August 31.
43. It shall be unlawful to hunt with a firearm on or within 50 feet of the center of any primary and secondary highway.
44. Rifles are permitted for bear and deer hunting when used from stands elevated at least 15 feet above the ground (except legally handicapped hunters are exempt from tree stand requirements).
45. All rifles, pistols, or shotguns loaded with slugs are prohibited for any hunting.
46. Discharging firearms or air-operated or gas-operated weapons prohibited within certain areas: check local county/city ordinances.
47. No discharge of rifles larger than .22 except on approved ranges.
48. Muzzleloading rifles are permitted during the special muzzleloading season.
49. Muzzleloading rifles are permitted during any authorized firearms season for the hunting of game animals except for the hunting of turkeys during the spring gobbler season.
50. It shall be unlawful for any person to hunt in the county with a shotgun loaded with slugs or a muzzleloading rifle other than during the prescribed open season for the hunting of big game species or with a rifle of a caliber larger than .22 caliber.
51. It shall be unlawful to shoot an arrow from a bow in a manner that can be reasonably expected to result in the impact of the arrow upon the property of another without permission from the owner or tenant of such property.
52. It shall be unlawful to discharge a firearm within any densely populated area: within 200 yards from any structure or within 100 yards from any public street, secondary road, or highway within the city, except on a permitted firing range or at or upon the property of another without permission.
53. It is lawful to hunt deer with muzzleloading rifles.
54. It is unlawful to transport, possess, or carry a loaded rifle or shotgun in any vehicle on any public street, road or highway.
55. It shall be unlawful for any person in the town, except a duly authorized officer in the course of his duty, to fire or discharge any gun, pistol, or other firearms of any kind.
56. No discharge of firearms across or within 150 yards of any building, dwelling, street, sidewalk, alley, roadway, public land, or public place.
57. No discharge of firearms north or west of a line from the Chesapeake-Virginia Beach boundary; thence northwardly along North Landing Road; thence eastwardly along Indian River Road; thence northeastwardly along New Bridge Road; thence eastwardly along Sandbridge Road to the Atlantic Ocean, or across any land north of False Cape Park and east of Shipp's Bay and Point Creek. No discharge of rifles larger than .22 south of this line except muzzleloading rifles may be used to hunt deer during the firearms deer season.
58. Shotguns firing pellets are lawful on certain agricultural lands of 50 contiguous acres or more, and on certain lands south of a line from the Chesapeake-Virginia Beach boundary, thence northeastwardly along Elbow Road; thence southeastwardly along Salem Road; thence northeastwardly along North Landstown Road; thence southeastwardly along Princess Anne Road; thence eastwardly along Sandbridge Road to the Atlantic Ocean. The property must be permitted by the City Manager for this purpose.
59. It shall be unlawful for any person to discharge or shoot off a firearm in the county. It shall be unlawful for any person to discharge or shoot or throw

- any dangerous missiles by mechanical, explosive, air- or gas-propelled means, or similar method or device onto or across any public sidewalk, path, or roadway, at any public structure or building, or at or onto the property of another. It is unlawful for any person to shoot a compound bow, crossbow, longbow, or recurve bow at or upon the property of another without permission. It shall be unlawful to discharge a projectile from any of the aforementioned bows within 100 yards of any public road, public building or structure, private residence or structure, or property of another. Nothing in this ordinance shall be construed to prohibit the use of firearms or other instruments or missiles or compound bows, crossbows, longbows, or recurve bows in lawful self defense or in the lawful defense of property, or to prohibit the use of firearms or other missiles or compound bows, crossbows, longbows, or recurve bows in supervised sport, recreation, or training conducted on safety-inspected and approved ranges and courses, provided the same is not contrary to existing law.
60. It shall be unlawful to hunt with a rifle larger than .22 caliber rimfire, except any center-fire rifle of a larger caliber may be used to hunt from a stand elevated at least 10 feet from the ground. It shall be unlawful to have a loaded center-fire rifle of any caliber .23 or larger except while hunting from a stand elevated ten feet above the ground. The maximum number of rounds that may be loaded in a center-fire rifle shall not exceed five, including the round loaded in chamber. It shall be unlawful for anyone under the age of 12 to use any center-fire rifle caliber .23 or larger for deer hunting purposes without direct adult supervision. Any person with a permanently disabling physical handicap as recognized by the VDGF shall be exempt from an elevated stand provision of this ordinance.
  61. It is unlawful to hunt or attempt to hunt on a primary or secondary state maintained highway, and within the side ditches of such highways.
  62. Discharging firearms is prohibited within certain areas (check local county ordinance for area description), except deer hunting is permitted with handguns, shotguns, or muzzleloading rifles using a single projectile and all other hunting is allowed with rifles of .22 caliber rimfire or less, handguns, shotguns, and muzzleloading rifles using single or multiple projectiles.
  63. The discharge of firearms is prohibited within 50 yards of a highway in the primary or secondary system of state roads.
  64. Discharge of firearms is prohibited within 100 yards of any public park or school.
  65. Discharge of firearms is prohibited within 100 yards of a building with a current occupancy permit unless the owner or authorized agent has given permission.
  66. Muzzleloaders shall be legal firearms during any firearms season.
  67. Shotgun slugs shall be permitted for deer hunting.
  68. It shall be unlawful to hunt with a rifle larger than .22 caliber, except rifles of a larger caliber may be used for hunting groundhogs and coyotes outside the general firearms deer season.
  69. It shall be unlawful for any person to discharge an air gun, spring gun, or firearm from, along, across or toward, or within 300 yards of any paved public street, highway or road, or any building in the city.
  70. It shall be lawful to hunt game species with a muzzleloading rifle during the prescribed open seasons.
  71. The discharge or use of a rifle, except for a .22 caliber rim fire is prohibited within the city limits.
  72. The use of muzzleloading rifles during the prescribed open seasons for the hunting of game species is permitted in the city; provided, however, that the use of such muzzleloading rifle shall be only from a stand located at least 10 feet above the ground.
  73. No rifles for turkey hunting.
  74. It is unlawful to hunt deer during the regular hunting season with a rifle of .23 caliber or larger either on public lands or in the area of the county bordered to the north by the James River, to the west by Route 602 from the Willis River, and to the south by Route 45 and Route 684 to the county line (generally known as Cartersville Historic District); except from a tree stand elevated at least 10 feet above the ground. It shall be lawful to hunt with a muzzleloading rifle from the ground or from a tree stand elevated to any height.
  75. No person shall hunt using a rifle larger than a .22 caliber rimfire within a 100 yards of any residence or occupied building without the written approval of the owner or lessee of the property. It shall be unlawful to discharge a rifle larger than .22 caliber rimfire from an elevated stand within 100 yards of an adjoining property line without first obtaining written permission of the owner or, if different than the owner, the occupant of the adjoining property or within 100 yards of any public street or primary or secondary state-maintained highway.
  76. Muzzleloading rifles are permitted during the open seasons for hunting game species from stands elevated at least 10 feet above the ground (except legally handicapped hunters are exempt from tree stand requirements). No early muzzleloader season east of the Dismal Swamp Line.
  77. It shall be unlawful to engage in hunting with a firearm within the right-of-way of any primary or secondary highway.
  78. It shall be unlawful for any person to engage in hunting with a firearm or to discharge a firearm within 100 yards of a dwelling house or occupied building not his or her own.
  79. It shall be unlawful for any person to engage in hunting with a bow or to discharge arrows from bows within 100 yards of a dwelling house or occupied building not his or her own. A "bow" includes all compound bows, crossbows, longbows, and recurves that have a peak draw weight of 10 pounds or more. The term "arrow" means a shaft-like projectile intended to be shot from a bow.
  80. It shall be unlawful to hunt with a rifle larger than .22 caliber rimfire, except rifles of a larger caliber may be used for hunting groundhogs and coyotes between March 1 and August 31.
  81. It shall be unlawful to shoot or hunt within 100 yards of any regularly occupied structure without written permission of its owner or occupant or within 100 yards of any private road located in a subdivision where lots are 10 acres or more without written permission of the owner or occupant.
  82. It shall be unlawful to shoot or hunt on any county property including, but not limited to, schools, parks, pools, the
  83. It shall be unlawful to hunt with a rifle larger than a caliber of .22 caliber in the county, except in the hunting of groundhogs, coyotes, and feral hogs outside the general firearms deer season.

## BEAR, DEER, ELK, AND TURKEY TAG VALIDATION AND CHECKING REQUIREMENTS

### Validation of Tags

- All hunters (unless license exempt) killing a bear, deer, elk, or turkey are required to validate an appropriate tag on their bear, deer, turkey license (big game license), bonus deer permit, or special permit (DCAP, DMAP, or DPOP) at the place of kill prior to moving the animal in any way. To validate a tag, hunters must completely remove the designated notch area from the appropriate license or permit tag.
- DO NOT detach license or permit tags to attach to the animal. Validation only requires the removal of the designated notch area from the appropriate license or permit tag.
- It is unlawful for any person to validate (notch) a tag from any license or special permit prior to the killing of an animal. A tag that is mistakenly validated (notched) prior to the killing of an animal must be voided immediately by the licensee or permittee by writing, in ink, the word "VOID" on the line provided on the tag.
- Hunters killing an elk are required to validate an appropriate deer tag.

### Checking Bear, Deer, Elk, and Turkey

#### General Information

- All bear, deer, elk, and turkey must be checked by all hunters, including license-exempt hunters, upon vehicle transport of the carcass or at the conclusion of legal hunting hours, whichever occurs first and without unnecessary delay.
- It is unlawful to destroy the identity (sex) of any animal until it is checked. After the appropriate tag has been validated (notched), successful hunters are

allowed to dismember the carcass to pack it out from the place of kill as long as they do not destroy the identity of the sex and all the parts of the carcass (excluding internal organs) are present when the animal is checked.

- Entries for the State Big Game Contest and for the Virginia Outdoor Sportsman Show: Deer and turkey checked by telephone or Internet, with the proper confirmation number, are eligible to be entered in the Eastern or Western Regional State Big Game Contest or the Virginia Outdoor Sportsman Show. To enter a turkey in a State/Regional Big Game Contest, successful hunters must weigh their birds on a certified scale and create a "Weight Certification" card. Download weight certification card at: [www.dgif.virginia.gov/hunting/regulations/wild-turkey-weight-certification.pdf](http://www.dgif.virginia.gov/hunting/regulations/wild-turkey-weight-certification.pdf).

#### Bear

- Bears can only be checked at an official bear check station.
- It is mandatory for the successful bear hunter to remove or allow to be removed a premolar (tooth) from the carcass. This tooth shall be sealed in the envelope attached to the check card and left with the Check Station operator.

#### Deer and Elk

- Deer and elk must be checked at either a check station, or by using the telephone or Internet checking system.  
**All deer killed after the first Saturday in January must be checked by telephone or Internet.**
- Successful hunters, upon checking an elk, must contact the Department at (804) 367-0044 to schedule the collection of biological samples for disease testing.

#### Turkey

- Fall turkeys (except those killed in January) must be checked at either a check station, or by using the telephone or Internet checking system.
- **Fall turkeys killed in January must be checked using the telephone or Internet checking system.**
- **Spring turkeys must be checked using the telephone or Internet checking systems.**

### Check Stations for Bear, Deer, Elk, and Fall Turkeys

- Check station locations can be found on the Department's website ([www.huntfishva.com/hunting/checkstations/](http://www.huntfishva.com/hunting/checkstations/)) or call a Department office listed on page 6 during normal business hours.
- Hunters checking animals at a check station will be given a check card furnished by the Department. The hunter shall immediately write the check card number in ink on the line labeled "check card or confirmation number" of the tag that was validated (notched) at the place of kill.
- The check card must be kept in possession with the carcass until processed.
- If the carcass of an animal that was checked at a check station is left unattended, the check card must be securely attached to the carcass.
- Hunters needing a copy of a lost check card should call the appropriate Department regional office listed on page 6 after March 1st.
- **Black bears must be checked at an official black bear check station.** Locations can be found online at [www.HuntFishVA.com/hunting/checkstations/bear/](http://www.HuntFishVA.com/hunting/checkstations/bear/), or from any check station, Conservation Police Officer, or Department office. In counties without established bear check stations, hunters may transport their kill to a bear check station in an adjoining county.

<p>VA RESIDENT BEAR - DEER - TURKEY</p> <p>Before moving game from place of kill, license must be notched in the appropriate area. Game must be checked at authorized check stations. Deer and turkey may be checked toll free at 1-866-468-4263 or online at <a href="http://www.dgif.virginia.gov">www.dgif.virginia.gov</a></p> <p>VALID HUNTING LICENSE REQUIRED</p>	<p>DO NOT REMOVE 2011-12</p> <p>DEER EITHER SEX</p> <p>X52001852001</p> <p>Check Card or Confirmation Number</p>

1. Remove the designated notch area from the appropriate tag on license prior to moving the animal in any way.  
**Do not remove the tag from your license.**
2. Check your animal by the appropriate method, whether by calling 1-866-GOT-GAME (468-4263), taking it to a check station or using the Internet at [www.HuntFishVA.com](http://www.HuntFishVA.com).
3. Write the check card number or the confirmation number (from telephone or Internet checking) in ink on the license tag next to the notch.

## Using Telephone and Internet Checking

Only deer, elk, turkey, and bobcat (see page 51) can be checked using the telephone or Internet. Before using either system, you will need your big game license and a pen and paper to record your confirmation number. If you are exempt from purchasing a big game license, you will need your driver's license number or the last four digits of your Social Security number.

### Telephone Checking System:

- Call the toll-free number, **1-866-GOT-GAME (468-4263)**.
- Only touch-tone phones may be used (rotary phones will not work).

### Internet Checking System:

- Go to [www.HuntFishVA.com](http://www.HuntFishVA.com) and click on Hunting, then under Links click Check Game Online.
- Hunters have the option of printing a check card at the end of the Internet-checking session.

- Follow the instructions and provide the requested information.
- You will be given a confirmation number at the end of the telephone or Internet session. Write it down. Licensed hunters must then immediately write this confirmation number, in ink, on the line labeled "check card or confirmation number" of the tag that was validated (example, bottom of page 28). When using the telephone or Internet, be sure that the confirmation number is a letter followed by up to 11 digits. If your telephone or Internet checking session is cut off or your confirmation number is not complete, start the session again and repeat steps until the complete confirmation number is obtained.

- Bucks that have shed their antlers are considered antlerless deer and may be tagged with an antlerless-only deer tag. For the process of checking in these shed-antlered bucks on the telephone and Internet, they should be checked in as an antlered deer with zero antler points.
- The telephone deer checking system will only accept antlered bucks with up to 29 antler points. If you kill a buck with more than 29 points that is checked in by telephone, just enter antler points as 29.
- **Hunters checking two deer on the same day may get the same confirmation number for both animals. This is okay.**

## Carcass Transferred or Unattended

- If the kill is reported using the telephone or Internet checking system by a hunter who validated a tag, no personal check card is required as long as the hunter is in possession of the carcass.
- If the carcass is transferred to the possession of another individual or left unattended, a personal check card or Internet check card must be created and kept with the carcass until the carcass is processed. If the carcass is left unattended, the personal check card or Internet check card must be securely attached to the carcass.

## License-Exempt Hunters

License-exempt hunters such as resident hunters under the age of 12, hunters age 65 and over hunting private lands in the county of residence, holders of the disabled veteran's lifetime license and those using the landowner exemption, must check all bear, bobcat, deer, elk, and turkey. When using the telephone or Internet system the

license-exempt hunter will be classified as "license exempt" when prompted as to what type of license they have. When prompted for a license number, use the last four digits of your drivers license or your social security number. If the telephone or Internet was used, the license-exempt hunter must create a personal check card (see below) which must be kept with the carcass until it is processed. If the carcass is left unattended, the check card must be securely attached to the carcass.

## Personal Check Card

An animal reported using the telephone or Internet checking system will require the creation of a personal check card if:

1. The hunter is license exempt.
2. The hunter possesses a Veteran's Disabled Lifetime License.
3. The carcass is transferred to someone else.
4. The carcass is left unattended.

The personal check card may be written on any type of paper using a pen and must include the hunter's:

1. full name
2. date of kill and
3. the confirmation number.

For your convenience a personal check card can be downloaded at [www.dgif.virginia.gov/hunting/regulations/personal-check-card-for-exempt-hunters.pdf](http://www.dgif.virginia.gov/hunting/regulations/personal-check-card-for-exempt-hunters.pdf). A copy can also be requested by contacting our Customer Service Center at 1-866-721-6911 during normal business hours.

**Q:** How does a young hunter without a license check in a deer?

**A:** Young hunters who do not have to purchase a license will not have deer tags. If they go to a check station, they should just have the check station operator check "None" for type of tag and write "less than 12" or "youth" in the blank next to "None." If they call it in, they should tell the system they are license exempt by entering a "2" and then use the last 4 digits of their SSN and home ZIP for their "license" number. When the telephone system asks them for their type of tag, they should enter "None." Deer killed by youth deer hunters should not be checked in on the accompanying adult's tag or license.

## All license-exempt hunters must still check bear, bobcat, deer, elk, or turkey.

See page 28 for information on checking options for bear, deer, elk, and turkey. See page 51 for information on bobcat checking procedures.

## GENERAL INFORMATION

### Unlawful to Feed Bears

It shall be unlawful for anyone, including (but not limited to) private citizens, homeowners associations, corporations, or government entities to place, distribute, or allow the placement of food, minerals, carrion, trash, or similar substances to feed or attract bear. Nor, upon notification by Department personnel, shall anyone continue to place, distribute or allow the placement of any food, mineral, carrion, trash or similar substances for any purpose if the placement of these materials results in the presence of any bears. After such notification, such person shall be in violation of the law if the placing, distribution, or presence of such food, minerals, carrion, trash or similar substances continues.

### Unlawful to Shoot Without Intent to Retrieve the Bear

No person shall kill or cripple and knowingly allow any game animal to be wasted without making a reasonable effort to retrieve the animal and retain it in their possession.

### Unlawful to Dislodge and Continue to Hunt

It is unlawful to dislodge an animal from a tree for the intent of continuing a hunt, or chase, or for the purpose of training dogs.

### Bag Limits

One per license year, at least 100 pounds live weight or 75 pounds dressed weight (all internal organs removed). Females with cubs may not be harvested.

### Bear Checking

All bears must be checked at an official bear check station. Locations for bear check stations are available on the DGIF website at [www.huntfishva.com/hunting/checkstations/bear/](http://www.huntfishva.com/hunting/checkstations/bear/) or by calling 804-367-1000 during normal business hours.

**Bear information will need to be recorded on a Black Bear Check Card. There is no longer a combined check card for Bear, Deer, and Turkey. Do not record information on Deer and Turkey Check Card. Tooth collection is mandatory and the tooth envelope is part of the Black Bear Check Card.**

### Look Up the Age of Your Harvested Bear Online!

The age of your harvested bear will be available online 9 to 10 months after the hunting season ends at [www.huntfishva.com/wildlife/bear/age/](http://www.huntfishva.com/wildlife/bear/age/).

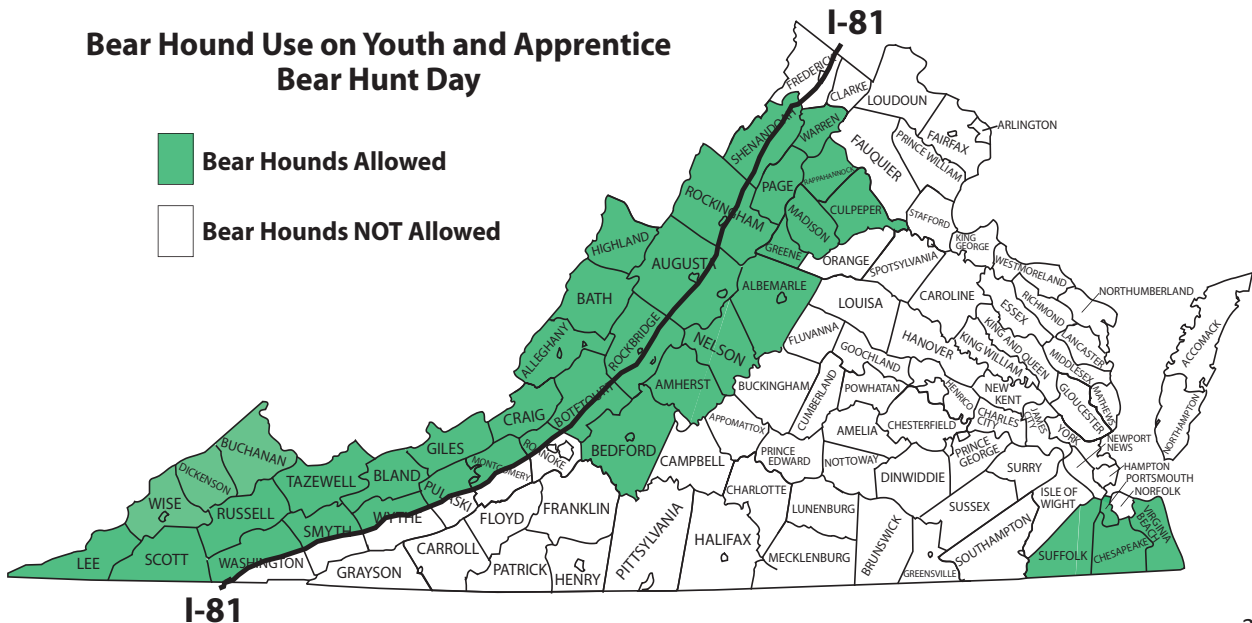

### Tracking Dogs

Tracking dogs maintained and controlled on a lead may be used to find a wounded or dead bear or deer statewide during any archery, muzzleloader, or firearm bear or deer hunting season, or within 24 hours of the end of such season, provided that those who are involved in the retrieval effort have permission to hunt on or to access the land being searched and do not have any weapons in their possession. (See exception for valid concealed handgun permit holders on page 22.)

## YOUTH AND APPRENTICE BEAR HUNTING DAY September 27

- Statewide
- Resident and nonresident youth hunters 15 years of age and under and holders of a valid apprentice hunting license, when in compliance with all applicable laws and licenses, may hunt when accompanied and directly supervised by an adult who has a valid Virginia hunting license or is exempt from purchasing a hunting license. Nonresident youth of any age need to have the appropriate licenses.
- Bear bag limit, weight limits, and all other take restrictions apply to this day. If a bear is taken on this day, the youth or apprentice hunter may not take another bear in any other season.
- Blaze orange is required
- Bear hunting with dogs is prohibited except in any locality where there is an open bear hound training season (see map).
- Tracking dogs maintained and controlled on a lead may be used to find a wounded or dead bear.
- All bears must be checked at an official bear check station.
- Adult hunters accompanying youth or apprentice bear hunters:
  - do not need a bear, deer, turkey license.
  - shall not carry or discharge a firearm.
  - shall maintain close visual and verbal contact with and provide adequate direction to the youth or apprentice hunter.

**Bear Hound Use on Youth and Apprentice Bear Hunt Day**

## ARCHERY BEAR SEASON

October 4 through November 14:  
Statewide

### Legal Methods and Restrictions

Special restrictions apply to archery tackle use during this season. See Legal Use of Firearms and Archery Tackle, page 22 for details.

- Archery tackle (including crossbows) only.
- Broadhead widths must be at least 7/8-inch wide or expand upon impact to 7/8-inch.
- Bows must be capable of propelling a broadhead arrow at least 125 yards.
- It is unlawful to use explosive head arrows or arrows to which any drug, chemical, or toxic substance has been added.
- It is unlawful to use dogs, except that dogs may be used to track wounded or dead bear (see Hunting with Dogs, page 20).
- It is unlawful to have a firearm in possession, except that a muzzleloading firearm as defined in the muzzleloader bear season section, may also be in possession when and where there is an overlap with a muzzleloading bear season where bear hunting with a rifle or muzzleloading firearm is permitted. (See exception for valid concealed handgun permit holders on page 22.)

**Q:** Why do you collect a tooth from harvested bears?

**A:** The premolar from a bear is used to determine the age of the bear. The age structure of the annual harvest is used to analyze trends and is an important tool needed to manage bear populations in Virginia.

### Bowhunters Needed for Survey

The Department has an ongoing statewide bowhunter survey to obtain information on bear, deer, turkey, small game, and furbearer populations. Participants will receive an annual survey form to complete during the early archery deer season and a copy of the results after they are compiled.

To participate, please contact Mike Fies with your mailing address at [mike.fies@dgif.virginia.gov](mailto:mike.fies@dgif.virginia.gov).

## MUZZLELOADER BEAR SEASON

November 8 through 14: Statewide in all areas where hunting with a muzzleloading rifle is permitted.

### Legal Methods and Restrictions

Special restrictions apply to specific firearms use during this season. See Legal Use of Firearms and Archery Tackle, page 22, and Local Firearms Ordinances, page 25 for details.

- Only muzzleloading firearms, .45 caliber or larger, loaded from the muzzle of the gun.
- Muzzleloading firearms must be single shot, capable of firing only a single bullet or sabot bullet (.38 caliber or larger).
- Flintlock, percussion, or electronic ignitions are permitted.
- It is unlawful to have in immediate possession any firearm other than a muzzleloading gun while hunting with a muzzleloader. (See exception for valid concealed handgun permit holders on page 22.)
- Must use at least 50 grains of black powder or black powder equivalent.
- Smokeless powder is allowed in muzzleloading firearms designed for it. Never use smokeless powder of any type in any quantity in a muzzleloading firearm that is not specifically designed for it.
- Scopes are permitted.
- For the purposes of transportation in a vehicle, muzzleloading firearms are considered “unloaded” when all powder has been removed from the flashpan, or the percussion cap, primer, or battery has been removed from the firearm. For complete safety, a muzzleloader should be emptied by shooting into soft ground.
- It is unlawful to use dogs, except that dogs may be used to track wounded or dead bear (see Hunting with Dogs, page 20).

**Q:** Are bear attractant scents legal in Virginia?

**A:** Yes and no. They are illegal if they are used in a way that a bear can consume it. A good rule of thumb about these products is if a bear can only smell it, it is considered just a scent and is legal. If a bear can consume it or whatever it is applied to can be consumed, it is considered bait and is illegal.

## Know Your Capabilities and Know Your Shot!

- Plan your hunt! Long before harvesting a bear, the hunter must decide how the meat will be processed and how the hide will be used. Both the meat and the hide can spoil quickly especially at temperatures above freezing.
- A dead bear can be large and cumbersome. Skinning, processing and transporting a bear is difficult, if not impossible, alone. Hunters should arrange to have help available for all aspects of handling a harvested bear and have plans made ahead of time to ensure that the meat and hide are properly processed.
- Hunters must understand that bears are built differently than deer and other big game animals. The chest of a bear is compressed compared to that of a deer when looking at it from the side.
- A bear’s most vital area is an 8” circle behind the front shoulder.
- The best shot opportunity is a broadside shot or “quartering away” for penetration into the vital organs.
- To take your shot, wait for the bear to step forward with the near side leg exposing the heart/lung area.
- Shots directly in the shoulder bone are not recommended. Bears have massive, muscular shoulders and heavy bones. A hunter who shoots ahead of the front shoulder may miss or injure the animal.
- A head shot is not recommended since a bear skull is very dense. The blunt, rounded shape can cause bullets or arrows to glance off or become lodged in the skull without penetrating.
- Frontal shots or shots from directly overhead (like might occur from a tree stand) are not recommended because they offer little opportunity for penetration of the vital organs (especially with archery equipment).
- NEVER take a shot you are unsure of, at a bear that is not clearly visible, or one that is positioned in such a way that you cannot cleanly hit the vital area.
- If you make a poor shot, a wounded bear can run for considerable distances before dying. Heavy bones, hide, and fat layers may prevent quick-clotting blood from dripping and leaving a good trail, making an injured bear hard to track.
- Bears have a tremendous amount of fat and a thick hide that provide great insulation. As a result, it is imperative that the hide be removed as soon as possible to prevent meat spoilage. If you anticipate any delay in getting your bear to a cooler, packing bags of ice in the body cavity is advisable in weather above freezing to allow the heavier portions to cool more quickly. Take every precaution to keep your bear meat free from dirt, debris, hair, and blood.

### Legal Methods and Restrictions

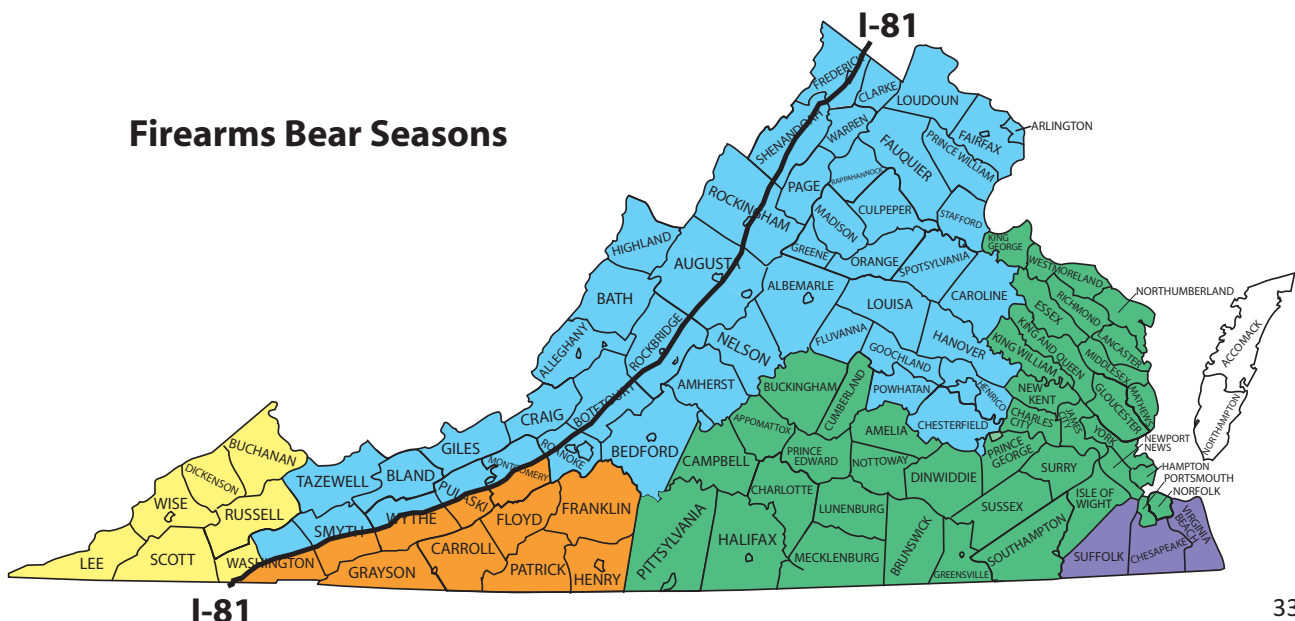

Special restrictions apply to specific firearms use during this season. See Legal Use of Firearms and Archery Tackle, page 22, and Local Firearms Ordinances, page 25 for details.

- Modern firearms
- Archery tackle (including crossbows)
- Muzzleloading firearms

### Dogs May Not Be Used to Hunt Bear:

- During the firearms deer season in the counties west of the Blue Ridge and in the counties of Amherst (west of Rt. 29), Bedford, and Nelson (west of Rt. 151).
- During the first 14 hunting days of the firearms deer season in Madison and Greene counties.
- In the counties of Campbell (west of Norfolk Southern Railroad), Carroll (east of the New River), Fairfax, Floyd, Franklin, Grayson (east of the New River), Henry, Loudoun, Montgomery (south of I-81), Patrick, Pittsylvania (west of Norfolk Southern Railroad), Pulaski (south of I-81), Roanoke (south of I-81), and Wythe (southeast of the New River or that part bounded by Rt. 21 on the west, I-81 on the north, the county line on the east, the New River on the southeast and Cripple Creek on the south), and in the city of Lynchburg.
- On the Amelia, Chester F. Phelps, Featherfin, G. Richard Thompson, Mattaponi, Merrimac Farm, and Pettigrew Wildlife Management Areas.
- When hunting during the archery or muzzleloading bear seasons.
- On Cavalier WMA dogs may only be used during the Bear Hound Training Season from August 9–31.
- On Sundays while in possession of a weapon. The meaning of “possession” for the purpose of this section shall include, but not be limited to, having a firearm, bow, crossbow, or any weapon capable of taking a black bear in or on one’s person, vehicle, or conveyance. (See exception for valid concealed handgun permit holders on page 22.)

**Firearms Bear Seasons**

## BEAR HOUND TRAINING/CHASE SEASON

**NO BLACK BEAR MAY BE TAKEN DURING THIS SEASON.**

### Hours

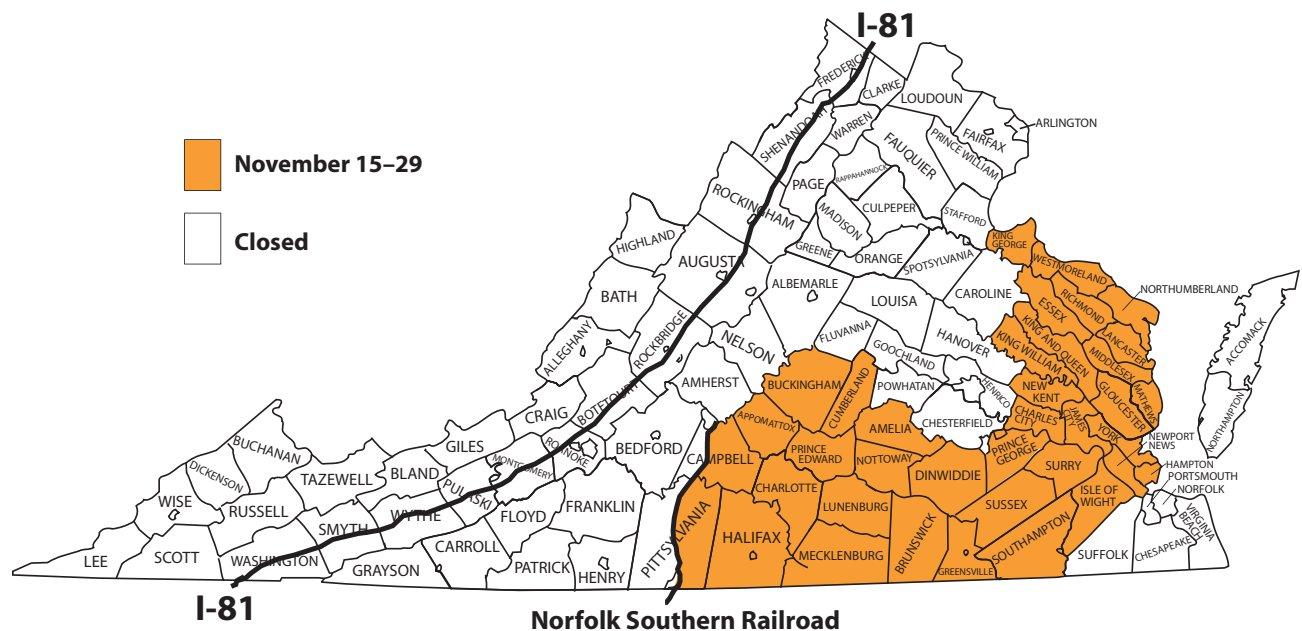

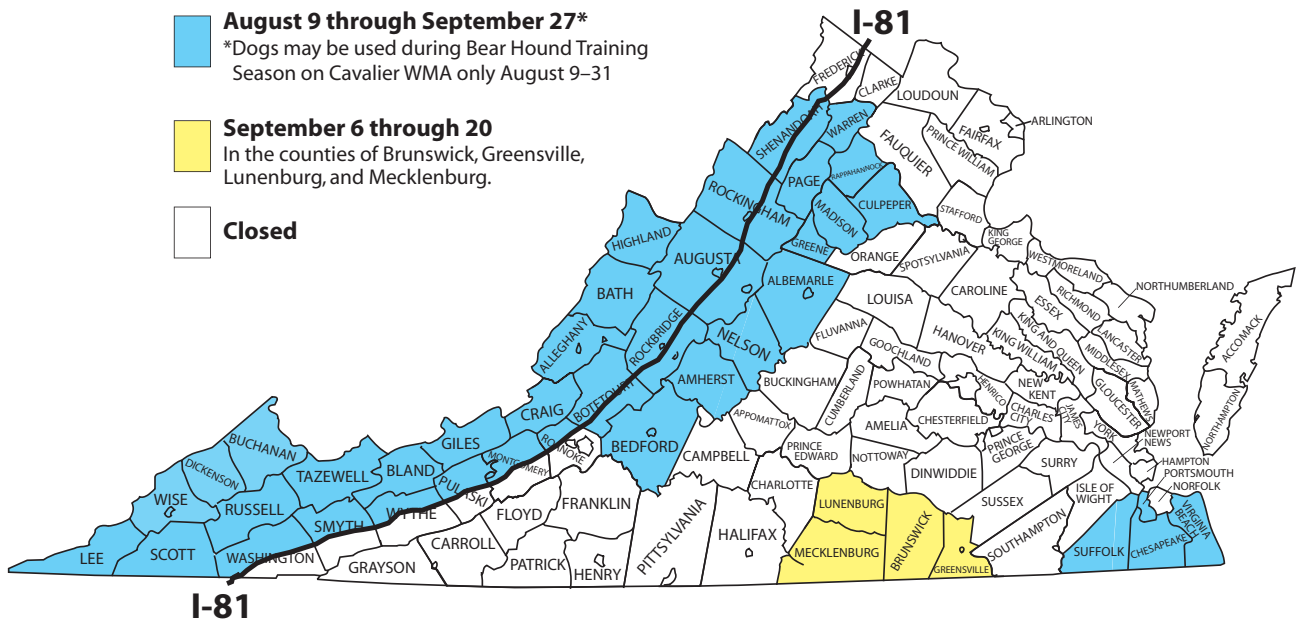

4:00 a.m. to 10:00 p.m., including Sundays.

### Licenses Required

Same for hunting seasons where bears can be taken. See licenses, stamps, and permits section for appropriate required licenses.

### Unlawful Methods

- It is unlawful to have in possession a firearm, bow, crossbow, or any weapon capable of taking a black bear while participating in the bear hound training season. The meaning of "possession" for the purpose of this section shall include, but not be limited to, having a firearm, bow, crossbow, or any weapon capable of taking a black bear in or on one's person, vehicle, or conveyance. (See exception for valid concealed handgun permit holders on page 22.)
- It is unlawful to dislodge an animal from a tree for the intent of continuing a hunt, or chase, or for the purpose of training dogs.

## GENERAL INFORMATION

### Bag Limits

#### *East of the Blue Ridge (except on National Forest lands in Amherst, Bedford, and Nelson counties)*

The bag limit for deer shall be two a day, six a license year. Of the six deer limit, no more than three may be antlered deer and at least three must be antlerless deer (unless noted in the exception below).

#### Exception

- The daily bag limit for deer shall be unlimited in Arlington, Fairfax, Loudoun, and Prince William counties (including the cities and towns within). However, no more than three antlered deer may be killed in a license year.

#### *West of the Blue Ridge and on National Forest lands in Amherst, Bedford, and Nelson counties*

The bag limit for deer shall be one a day and five a license year. Of the five-deer limit, no more than two may be antlered deer and at least three must be antlerless deer (unless noted in the exceptions below).

#### Exceptions

- The daily bag limit for deer shall be two a day on private lands in Clarke, Frederick, Roanoke, Shenandoah, and Warren counties (including the cities and towns within).
- Only one antlered buck having less than four antler points one inch or longer on one side of the antlers may be taken per license year in each of the following counties: Alleghany, Augusta, Bath, Highland, Rockbridge, Rockingham, or Shenandoah.

### Bag Limit Exceptions

- Deer hunters, including those exempt from purchasing a license, on private land and authorized public lands may take more than the license-year bag limit of antlerless deer by using bonus deer permits or special permits (DCAP, DMAP, and DPOP).
- DCAP, DMAP, and DPOP tags do not count against the daily or season bag limit.

**Q:** The daily bag limit for deer is two east of the Blue Ridge and one west of the Blue Ridge. If I deer hunt both east and west during the same day, can I legally kill 3 deer in a day?

**A:** Yes.

### Bonus Deer Permits:

- Are valid for one year from date of purchase.
- Are valid for antlerless deer only.
- Are valid only on private lands and authorized public lands.
- Are valid only on designated either-sex deer hunting days.
- Are valid during all archery, muzzleloader, and firearms deer seasons.
- Allow deer to be taken in addition to the license year bag limit.
- Do not allow the daily bag limit to be exceeded.
- Are not valid on National Forest and Department-owned lands.
- Are not valid in Buchanan, Dickenson, and Wise counties.
- Come with no restriction on number that may be purchased and used.

### Antlered and Antlerless Deer

#### Deer Tags

- Either-sex deer tags (commonly called "buck" tags) may be used on antlered or antlerless deer.
- Antlerless-only deer tags (commonly called "doe" tags) may only be used on antlerless deer.

#### Antlered Deer

- Antlered deer must have antlers visible above the hairline.
- An antlered deer must be tagged with an either-sex deer tag.

#### Antlerless Deer

- **Antlerless deer may only be taken during designated either-sex deer hunting days** during the archery season(s), muzzleloading season(s), and firearms season(s). Youth deer hunters see Youth and Apprentice Deer Hunting Day and Youth Antlerless Deer Regulation provisions on page 37.
- Antlerless deer (does, button bucks, and shed-antlered bucks) may be tagged with an antlerless-only deer tag or an either-sex deer tag.
- Button bucks, male fawns approximately six months old, are considered antlerless deer. The hair covered bumps on a button buck's head are not antlers. They are the pedicels from which the antlers will grow the next year.
- Antlered deer that have shed their antlers, usually in late December or early January, are also considered antlerless deer. **When checking a shed-antlered buck by telephone or Internet, it should be checked as an antlered deer with zero antler points.**

**Antler Point Restrictions**

**Alleghany, Augusta, Bath, Highland, Rockbridge, Rockingham, and Shenandoah Counties**

Only one antlered buck having less than four antler points one inch or longer on one side of the antlers may be taken per license year in each of the counties listed above.

**Fairystone and Featherfin WMAs**

On the Quality Deer Management Area of the Fairystone WMA and Featherfin WMA a legal antlered deer is a deer with at least four antler points, 1 inch or longer, on one side.

**Q:** Seven western counties have an antler point restriction (APR) limiting deer hunters to killing one small antlered buck per license year. If I deer hunt in two of these counties, can I legally kill a small buck in one APR county and then another small buck in a second APR county in the same license year?

**A:** Yes, the APR restrictions are county specific.

**Q:** In the seven counties with antler point restriction is there a specific order in which the deer must be killed?

**A:** No. The rule limits hunters to killing one small buck per year. It does not specify the order. For example, if a hunter killed a small buck first, his or her next buck would have to be a big buck (have 4 or more points on one side). However, if they killed a big buck first, their second buck could legally be a small buck or a second big buck.

**Earn a Buck (EAB)**

For the purposes of this section, the term “license year” defines the period between July 1 and June 30 of the following year.

**Arlington County** (including the cities and towns within). During a license year, it shall be unlawful to take a second antlered deer in Arlington County prior to taking at least two antlerless deer in Arlington County, and it shall be unlawful to take a third antlered deer in Arlington County prior to taking at least three antlerless deer in Arlington County. Local firearms ordinances prohibit the discharge of firearms in Arlington County.

**Bedford County on private lands** (including the cities and towns within). During a license year, it shall be unlawful to take a second antlered deer on private lands in Bedford County prior to taking at least one antlerless deer on private lands in Bedford County, and it shall be unlawful to take a third antlered deer on private lands in Bedford County prior to taking at least two antlerless deer on private lands in Bedford County.

**Clarke County on private lands** (including the cities and towns within). During a license year, it shall be unlawful to take a second antlered deer on private lands in Clarke County prior to taking at least one antlerless deer on private lands in Clarke County.

**Fairfax County** (including the cities and towns within). During a license year, it shall be unlawful to take a second antlered deer in Fairfax County prior to taking at least two antlerless deer in Fairfax County, and it shall be unlawful to take a third antlered deer in Fairfax County prior to taking at least three antlerless deer in Fairfax County.

**Frederick County on private lands** (including the cities and towns within). During a license year, it shall be unlawful to take a second antlered deer on private lands in Frederick County prior to taking at least one antlerless deer on private lands in Frederick County.

**Loudoun County** (including the cities and towns within). During a license year, it shall be unlawful to take a second antlered deer in Loudoun County prior to taking at least two antlerless deer in Loudoun County, and it shall be unlawful to take a third antlered deer in Loudoun County prior to taking at least three antlerless deer in Loudoun County.

**Prince William County** except on Department of Defense (DOD) lands (including the cities and towns within). During a license year, it shall be unlawful to take a second antlered deer in Prince William County (except on DOD lands) prior to taking at least two antlerless deer in Prince William County (except on DOD lands), and it shall be unlawful to take a third antlered deer in Prince William County (except on DOD lands) prior to taking at least three antlerless deer in Prince William County (except on DOD lands).

**Roanoke County on private lands** (including the cities and towns within). During a license year, it shall be unlawful to take a second antlered deer on private lands in Roanoke County prior to taking at least one antlerless deer on private lands in Roanoke County.

**Warren County on private lands** (including the cities and towns within). During a license year, it shall be unlawful to take a second antlered deer on private lands in Warren County prior to taking at least one antlerless deer on private lands in Warren County.

Earn a Buck questions and answers can be found at [www.HuntFishVA.com/wildlife/deer/eab](http://www.HuntFishVA.com/wildlife/deer/eab).

**Act Responsibly  
Dispose of Your Deer Carcass!**

Don't give hunters a bad name by leaving deer parts in public locations, in parking lots, in waterways, or along roads. A recommended method of disposing of unused deer carcass parts is to double bag them and take them to a lined landfill or dumpster location which accepts deer carcasses. A second method is to simply dig a pit in which the deer carcass parts are placed, provided no other trash is placed in the pit. After the hunting season, cover the pit with at least six inches of soil. If you are caught dumping a carcass or deer parts in an unauthorized area, you may be charged with littering.

## YOUTH AND APPRENTICE DEER HUNTING DAY

September 27

- Statewide.
- Resident and nonresident youth hunters 15 years of age and under or holders of a valid apprentice hunting license, when in compliance with all applicable laws and licenses, may hunt when accompanied and directly supervised by an adult who has a valid Virginia hunting license or is exempt from purchasing a hunting license. Nonresident youth of any age need to have the appropriate licenses.
- Deer of either sex may be taken.
- Antlerless deer taken on the youth and apprentice deer hunting day are in addition to an antlerless deer taken under the youth antlerless deer regulation and on either-sex deer hunting days.
- Deer harvested by youth or apprentice hunters count against their daily and season bag limit.
- Blaze orange requirements and exceptions for firearms deer season are in effect (see page 19).
- Deer hunting with dogs is prohibited, except that tracking dogs are allowed (see Hunting with Dogs, page 20).
- Adult hunters accompanying youth or apprentice deer hunters:
  - do not need a bear, deer, turkey license.
  - shall not carry or discharge a firearm.
  - shall maintain close visual and verbal contact with and provide adequate direction to the youth or apprentice hunter.

## YOUTH ANTLERLESS DEER REGULATION

Resident or nonresident deer hunters 15 years of age and under may take one antlerless deer per license year on days other than designated either-sex deer hunting days during the muzzle-loading seasons or the firearms seasons in all counties that have at least one either-sex deer hunting day during the firearms deer season. This regulation applies to all private and public lands (National Forest, State Forests, WMAs, etc.) statewide (except on public and private lands in Buchanan, Dickenson, and Wise counties). This regulation is in addition to either-sex deer hunting days. For example, if a youth deer hunter, 15 years of age or younger, killed one or more antlerless deer on designated either-sex deer hunting days, he or she could still take one antlerless deer on a day not designated an either-sex day.

**Q:** If an apprentice license holder has had their hunter safety course, must they still be “accompanied and directly supervised by a mentor over 18” on the youth and apprentice deer hunting day?

**A:** Yes. The youth deer hunting day regulation requires that all youth and apprentice license holders be accompanied by an adult mentor.

### Youth and Apprentice Deer Hunting Day Q & A's

#### What licenses are required?

- Resident youth deer hunters under 12 in Virginia are not required to purchase a license or have taken a hunter education course.
- Resident youth deer hunters 12 and above must be licensed and have taken a hunter education course. An exception to this rule is that hunters 12 and over could go hunting with an Apprentice License without having taken a hunter education course. If a young hunter is over age 12 and has had a hunter education course, the Junior Combination Hunting License (under 16 years of age) for \$16.00 is the best deal. It includes statewide hunting privileges, archery, muzzleloading, and bear, deer, turkey tags.
- Nonresident youth deer hunters of any age need to have appropriate licenses.
- The apprentice hunting license (resident or nonresident) serves as a first-time hunting license and is good for 2 years. The license entitles the holder to a one-time deferral of the hunter education requirement. Like youth hunters, apprentice license holders must be accompanied and directly supervised at all times by a mentor over 18 who has on his or her person a valid Virginia hunting license. A bear, deer, turkey license and all applicable licenses, stamps, or permits

are required in addition to the apprentice license. **Previous resident and nonresident hunting license holders are not eligible for an apprentice license.**

#### What does “accompanied and directly supervised by an adult” mean?

It means the adult maintains close visual and verbal contact with, provides adequate direction to, and can immediately assume control of the firearm.

#### Can nonresident youth and nonresident apprentice deer hunters hunt this day?

Yes, the regulation applies to all youth and apprentice deer hunters, resident or nonresident.

#### Are does legal and where?

Yes, everywhere including Buchanan, Dickenson, and Wise counties and National Forest and Department-owned lands.

#### What weapons are legal?

All legal deer hunting weapons, bows, crossbows, muzzleloaders, pistols, shotguns, and rifles. Local firearm ordinances still apply.

#### What other regulations apply?

Unless specified in the youth and apprentice deer hunting day regulation (e.g., accompanied by a licensed adult, orange required, no dog hunting, etc.). **All other “normal” deer**

**regulations apply (e.g., daily and season bag limits, tagging and checking, DMAP, DCAP, EAB, special antler restrictions, etc.).**

#### If a youth deer hunter kills a doe on the youth deer hunting day, does the special youth antlerless deer regulation that allows him to kill an antlerless deer on a buck-only day still apply?

Yes, except for the counties of Buchanan, Dickenson, and Wise. The youth deer hunting day applies to these three counties. The special youth antlerless deer regulation does not apply to these three counties.

#### How does a young hunter without a license check in a deer?

Deer hunters who do not have to purchase a license will not have deer tags. If they go to a check station, they should just have the check station operator check “None” for type of tag and write “less than 12” or “youth” in the blank next to “None”. If they call it in, they should tell the system they are license exempt by entering a “2” and then use the last 4 digits of their SSN and home ZIP for their “license” number. When the telephone system asks them for their type of tag, they should enter “None.” Deer killed by youth deer hunters on this day should not be checked in on the accompanying adult’s tag or license.

## ARCHERY DEER SEASONS

### Early Archery Season:

October 4 through November 14:

Statewide

### Late Archery Season:

November 30 through January 3:

- In all areas west of the Blue Ridge unless noted in the season exception below.  
**Season Exception:** Clarke and Floyd counties and on private lands in Frederick County.
- In the counties (including the cities and towns within) of Amherst (west of Route 29), Bedford, and Nelson (west of Route 151).

### December 1 through January 3:

- In the cities of Chesapeake, Suffolk (east of the Dismal Swamp line), and Virginia Beach.
- On the Chester F. Phelps WMA and on National Forest lands in Frederick County.

### December 14 through January 3:

- In the counties (including the cities and towns within) of Floyd, Franklin, Henry, and Patrick.

### Archery Either-Sex Deer Hunting

Deer of either sex may be taken full season during the early and late archery deer seasons, unless otherwise noted below.

- Only antlered deer may be taken during the early and late archery deer seasons on PALS (Public Access Lands) in Dickenson County.

### Late Antlerless-only Season:

During this season only antlerless deer may be taken.

### March 30, 2015 through April 26, 2015:

- In Arlington, Fairfax, Loudoun, and Prince William counties (including the cities and towns within).

### Urban Archery Deer Seasons:

During this season only antlerless deer may be taken.

### September 6 through October 3 and January 4, 2015 through March 29, 2015:

- Within the incorporated limits of the cities of Chesapeake (except on Department-owned lands), Colonial Heights, Danville, Emporia, Franklin, Fredericksburg, Galax, Hopewell, Lexington, Lynchburg, Martinsville, Radford, Richmond, Staunton, Suffolk, and Winchester; and in

the towns of Altavista, Amherst, Bedford, Blacksburg, Blackstone, Christiansburg, Farmville, Halifax, Hurt, Independence, Irvington, Kenbridge, Pearisburg, Pulaski, Richlands, Rocky Mount, Saltville, Smithfield, Stuart, Tazewell, and West Point; and in the counties of Chesterfield, Fairfax, James City, Roanoke (except on National Forest and Department-owned lands), and York.

- Archery or crossbow deer hunters hunting during the early urban archery deer season are required to wear blaze orange on the Youth and Apprentice Deer Hunting Day Saturday, September 27. For exceptions to the blaze orange requirement see page 19.
- Lists of properties available for hunting are not maintained by the Department or local governments.
- Go to [www.HuntFishVA.com/hunting/urban-archery](http://www.HuntFishVA.com/hunting/urban-archery) for local restrictions and other urban archery information.
- All other "normal" deer regulations apply (e.g., daily and season bag limits, tagging and checking, DMAP, DCAP, EAB, special antler restrictions, etc.).

### Legal Methods and Restrictions During Archery Deer Seasons

Special restrictions may apply during this season. See Legal Use of Firearms and Archery Tackle, pg. 22, and Local Firearms Ordinances, pg. 25 for details.

- Archery tackle (including crossbows).
- Broadhead widths must be at least 7/8-inch wide or expand upon impact to 7/8-inch.
- Bows must be capable of propelling a broadhead arrow at least 125 yards.
- It is unlawful to use explosive head arrows or arrows to which any drug, chemical, or toxic substance has been added.
- It is unlawful to use dogs, except that dogs may be used to track wounded or dead deer (see Hunting with Dogs, page 20).
- It is unlawful to have a firearm in possession except that a muzzleloading firearm, as defined in the muzzleloader deer seasons section, may also be in possession when and where there is an overlap with a muzzleloading deer season where deer hunting with a rifle or muzzleloading firearm is permitted. (See exception for valid concealed handgun permit holders on page 22.)

## Bowhunters Needed for Survey

The Department has an ongoing statewide bowhunter survey to obtain information on bear, deer, turkey, small game, and furbearer populations. Participants will receive an annual survey form to complete during the early archery deer season and a copy of the results after they are compiled. To participate, please contact Mike Fies with your mailing address at [mike.fies@dgif.virginia.gov](mailto:mike.fies@dgif.virginia.gov).

**Muzzleloader deer hunters and persons accompanying a muzzleloader deer hunter shall wear blaze orange, except when physically located in a tree stand or other stationary hunting location.**

## MUZZLELOADER DEER SEASONS

In all areas where hunting with a muzzleloading rifle is permitted.

**Note:** Deer hunters west of the Blue Ridge Mountains may take both of their season limit of two antlered deer during the early muzzleloading season.

### Early Muzzleloader Season:

November 1 through November 14:

There is no early muzzleloading season in the cities of Chesapeake, Virginia Beach, or Suffolk (east of the Dismal Swamp line) since it occurs during the general firearms season.

### Either-sex Deer Hunting East of the Blue Ridge:

November 1 through November 14 (full season):

In all areas (including Occoneechee State Park) unless otherwise noted below.

- **November 8:**  
On State Forest lands, State Park lands (except Occoneechee State Park), Department-owned lands, and Philpott Reservoir.

- **Antlered deer only—no either-sex deer hunting days:**  
On National Forest lands in Amherst, Bedford, and Nelson counties.

***Either-sex Deer Hunting West of the Blue Ridge:***

**November 1 through November 14 (full season):**

- On private lands in Carroll, Clarke, Floyd, Frederick, Grayson, Montgomery, Roanoke, Shenandoah, and Warren counties.

**November 8:**

- On National Forest and Department-owned Lands in Bland, Carroll, Craig, Giles, Montgomery, Pulaski, Roanoke, and Wythe counties.
- On private lands in Alleghany, Augusta, Bath, Bland, Botetourt, Craig, Giles, Highland, Page, Pulaski, Rockbridge, Rockingham (except on private lands west of Routes 613 and 731), Scott, and Wythe counties.

**Antlered deer only—no either-sex deer hunting days:**

- On National Forest and Department-owned Lands in Alleghany, Augusta, Bath, Botetourt, Dickenson, Frederick, Grayson, Highland, Lee, Page, Rockbridge, Rockingham, Russell, Scott, Shenandoah, Smyth, Tazewell, Warren, Washington, and Wise counties.
- On private lands in Buchanan, Dickenson, Lee, Rockingham (west of Routes 613 and 731), Russell, Smyth, Tazewell, Washington, and Wise counties.
- On Channels State Forest, Grayson Highlands State Park, PALS (Public Access Lands) in Dickenson County, and Flannagan Reservoir.

**Late Muzzleloader Season East of the Blue Ridge:**

**December 13 through January 3:**

In the counties (including the cities and towns within) of Amherst (west of Route 29), Bedford, Franklin, Henry, Nelson (west of Route 151), and Patrick, and in the cities of Chesapeake, Suffolk (east of the Dismal Swamp line), and Virginia Beach.

***Either-sex Deer Hunting East of the Blue Ridge:***

**December 13 through January 3 (full season):**

- In the counties of Amherst (west of

Route 29 except on National Forest lands), Bedford (except on National Forest lands), Franklin, Henry, Nelson (west of Route 151 except on National Forest lands), and Patrick and the cities of Chesapeake, Suffolk (east of the Dismal Swamp line), and Virginia Beach.

**January 3:**

- On National Forest lands in Amherst, Bedford, and Nelson counties.

**Late Muzzleloader Season West of the Blue Ridge:**

**December 13 through January 3:**

**Season Exception:**

- Closed in Clarke County and on private lands in Frederick County.

***Either-sex Deer Hunting West of the Blue Ridge:***

**December 13 through January 3 (full season):**

- On private lands in Carroll, Floyd, Grayson, Montgomery, Roanoke, Shenandoah, and Warren counties.

**December 29 through January 3:**

- On private lands in Augusta, Bland, Botetourt, Craig, Giles, Page, Pulaski, Rockbridge, Rockingham (except on private lands west of Routes 613 and 731), and Wythe counties.
- On National Forest and Department-owned lands in Carroll, Craig, Bland, Giles, Montgomery, Pulaski, Roanoke, and Wythe counties.

**January 3:**

- On private lands in Alleghany, Bath, Dickenson (north of Route 83), Highland, Lee, Rockingham (west of Routes 613 and 731), Russell, Scott, Smyth, Tazewell, Washington, and Wise counties.
- On National Forest and Department-owned lands in Alleghany, Augusta, Bath, Botetourt, Dickenson (north of Route 83), Frederick, Grayson, Highland, Lee, Page, Rockbridge, Rockingham, Russell, Scott, Shenandoah, Smyth, Tazewell, Warren, Washington, and Wise.
- On Channels State Forest, Grayson Highlands State Park, and Flannagan Reservoir.

**Antlered deer only—no either-sex deer hunting days:**

- On private lands in Buchanan and Dickenson (south of Route 83).
- On PALS (Public Access Lands) in Dickenson County.

**Legal Methods and Restrictions During Muzzleloading Deer Seasons**

Special restrictions apply to specific firearms use during this season. See Legal Use of Firearms and Archery Tackle, pg. 22, and Local Firearms Ordinances, pg. 25, for details.

- Only muzzleloading firearms, .45 caliber or larger, loaded from the muzzle of the gun.
- Muzzleloading firearms must be single shot, capable of firing only a single bullet or sabot bullet (.38 caliber or larger).
- Flintlock, percussion, or electronic ignitions are permitted.
- Must use at least 50 grains of black powder or black powder equivalent.
- Muzzleloading pistols which meet the four restrictions listed above are legal.
- It is unlawful to have in immediate possession any firearm other than a muzzle-loading firearm while hunting with a muzzleloader. (See exception for valid concealed handgun permit holders on page 22.)
- Smokeless powder is allowed in muzzle-loading firearms designed for it. Never use smokeless powder in a muzzle-loading firearm that is not specifically designed for it.
- Scopes are permitted.
- For the purposes of transportation in a vehicle, muzzleloading firearms are considered “unloaded” when all powder has been removed from the flashpan, or the percussion cap, primer, or battery has been removed from the firearm.
- It is unlawful to hunt deer with dogs, except that dogs may be used to track wounded or dead deer (see Hunting with Dogs, page 20).
- It is lawful to carry archery tackle when and where there is an overlap with a deer archery and muzzleloading season.
- Deer of either sex may be taken full season during the muzzleloading seasons within the incorporated limits of any city or town in the Commonwealth that allows deer hunting except in the counties of Buchanan, Dickenson, and Wise and only with the weapons (archery tackle and/or muzzleloaders) authorized by each individual city or town.
- Muzzleloader deer hunters and persons accompanying a muzzleloader deer hunter shall wear blaze orange, except when physically located in a tree stand or other stationary hunting location.

## FIREARMS DEER SEASONS

**Antlerless deer may only be taken on designated either-sex deer hunting days.**

**November 15 through 29:**  
In the counties (including the cities and towns within) of Amherst (west of Rt. 29), Bedford\*, Botetourt, Carroll, Craig, Giles, Grayson, Montgomery, Nelson (west of Rt. 151), Pulaski, Roanoke\*, Shenandoah, Warren\*, and Wythe.

**Either-sex Deer Hunting Days:**  
**November 15 through 29 (full season):**  
In all areas unless otherwise noted below.

**November 22 and November 29:**  
On National Forest lands and Department-owned lands in Carroll and Roanoke counties and on National Forest lands in Craig, Giles, Montgomery, Pulaski, and Wythe counties and on Big Survey WMA.

**November 29:**  
On National Forest lands in Amherst, Bedford, Botetourt, Nelson, Shenandoah, and Warren counties.

**Antlered deer only—no either-sex deer hunting days:**  
On National Forest lands in Grayson County and on portions of Grayson Highlands State Park. Special Youth Antlerless Deer Regulation applies.

**November 15 through 29:**  
In the counties (including the cities and towns within) of Bland, Lee, Page, Rockbridge, Russell, and Tazewell.

**Either-sex Deer Hunting Days:**  
**November 22, November 28 and 29:**  
In all areas unless otherwise noted below.

**November 22 and November 29:**  
On National Forest lands in Bland County.

**November 29:**  
On National Forest and Department-owned lands in Rockbridge County and on National Forest lands in Page County

**Antlered deer only—no either-sex deer hunting days:**  
On National Forest lands in Lee and Tazewell counties and on Clinch Mountain WMA, Channels State Forest, and Hidden Valley WMA. Special Youth Antlerless Deer Regulation applies.

**November 15 through January 3:**  
In the counties (including the cities and towns within) of Albemarle, Arlington\*, Charles City, Clarke\*, Culpeper (see season exception for C. F. Phelps WMA below), Fairfax\*, Fauquier (see season exception for C. F. Phelps WMA below), Frederick\* (see season exception for National Forest lands below), Greene, Greensville, Halifax, Hanover, Henrico, Isle of Wight, James City, Lancaster, Loudoun\*, Madison, New Kent, Northumberland, Orange, Prince George, Prince William\*, Rappahannock, Richmond, Southampton, Stafford, Suffolk (west of the Dismal Swamp line), Surry, Sussex, Westmoreland, and York.

- In Arlington County\*, City of Hampton, and City of Richmond (in the City of Richmond: archery only, no special permit is required for archery deer hunting). Note: Local Ordinances prohibit the discharge of firearms in these areas (see Local Firearms Ordinances, pg. 25).
- In the City of Lynchburg (on private lands for which a special permit has been issued by the Chief of Police).
- In the City of Newport News: archery only, no special permit is required for archery deer hunting.
- In Fairfax County\* a special landowner permit is required to firearms deer hunt on private lands. Contact the Div. of Animal Control, 4500 West Ox Road, Fairfax, VA 22030 for details. No special police permit is required for archery deer hunting.

**Season Exception:**  
**November 15 through 29:**  
On C.F. Phelps WMA and National Forest lands in Frederick County.

**Either-sex Deer Hunting Days:**  
**November 15 through January 3 (full season):**  
In all areas unless otherwise noted below.

**November 22, November 29, December 6, and December 8 through January 3:**  
On Rapidan WMA.

**November 22 and January 3:**  
On G.R. Thompson WMA.

**November 29:**  
On National Forest lands in Frederick County.

**November 22 and November 29:**  
On C.F. Phelps WMA.

**December 6:**  
On Chickahominy WMA.

**Antlered deer only—no either-sex deer hunting days:**  
On the Carlisle Tract of the Hog Island WMA, and Ragged Island WMA. Special Youth Antlerless Deer Regulation applies.

**Early and Late Antlerless-only Firearms Deer Seasons**  
During these seasons only antlerless deer may be taken.

**Early: September 6 through October 3**  
**Late: January 4, 2015 through March 29, 2015:**

In the counties of Arlington\*, Fairfax\*, Loudoun\*, and Prince William\* (including the cities and towns within). Local firearm ordinances prohibit the discharge of firearms in Arlington County. To firearms deer hunt on private lands in Fairfax County a special landowner permit is required (see above).

All legal deer hunting weapons including bows, crossbows, muzzleloaders, pistols, shotguns, and rifles are legal. Local firearm ordinances still apply.

All other "normal" deer regulations apply (e.g., daily and season bag limits, tagging and checking, DCAP, DMAP, EAB, etc.).

**November 15 through January 3:**  
In the counties (including the cities and towns within) of Amelia, Appomattox, Brunswick, Buckingham, Charlotte, Chesterfield, Cumberland, Dinwiddie, Fluvanna, Lunenburg, Mecklenburg, Nottoway, Powhatan, and Prince Edward.

**Either-sex Deer Hunting Days:**  
**November 22, November 29, and December 22 through January 3:**  
In all areas unless otherwise noted below.

**November 22 and November 29:**  
On Appomattox-Buckingham, Cumberland, and Prince Edward State Forests.

**November 22, November 29, and December 29 through January 3:**  
On Amelia, Briery Creek, Dick Cross, Horsepen Lake, and Powhatan WMAs.

**November 22, November 29, December 6, and December 8 through January 3:**  
On Featherfin WMA (by quota hunt only).

\* Denotes Earn a Buck (EAB) County

**1-866-Got-Game  
(468-4263)**

**November 15 through 29:**  
In the counties (including the cities and towns within) of Augusta, Rockingham, Scott, Smyth, and Washington.

**Either-sex Deer Hunting Days:**  
**November 22 and November 24 through November 29:**

In all areas unless otherwise noted below.

**November 29:**

On National Forest and Department-owned lands in Augusta County, and on National Forest lands in Rockingham County and on private lands west of Routes 613 and 731 in Rockingham County.

**Antlered deer only—no either-sex deer hunting days:**

On National Forest lands in Scott, Smyth, and Washington counties and on Clinch Mountain and Hidden Valley WMAs, Hungry Mother State Park, and Channels State Forest. Special Youth Antlerless Deer Regulation applies.

**November 15 through December 13:**

In the counties (including the cities and towns within) of Henry and Patrick.

**Either-sex Deer Hunting Days:**  
**November 22, November 29, and December 1 through 13:**

In all areas unless otherwise noted below.

**November 22 and December 8 through December 13:**

On Fairstone Farms and Turkeycock Mountain WMAs, designated areas of Fairstone State Park, and Philpott Reservoir.

**October 1 through November 30:**  
In the cities of Chesapeake, Suffolk (east of the Dismal Swamp line), and Virginia Beach.

**Either-sex Deer Hunting Days:**  
**October 1 through November 30 (full season):** In all areas.

**November 15 through 29:**  
In the counties (including the cities and towns within) of Buchanan, Dickenson, and Wise.

**Either-sex Deer Hunting Days:**  
**Antlered deer only—no either-sex deer hunting days in all areas.**

Special Youth Antlerless Deer Regulation does not apply.

**November 15 through December 13:**  
In the counties (including the cities and towns within) of Floyd and Franklin.

**Either-sex Deer Hunting Days:**  
**November 15 through December 13 (full season):**

In all areas unless otherwise noted below.

**November 22 and December 8 through December 13:**

On Philpott Reservoir and Turkeycock Mountain WMA.

**November 15 through January 3:**  
In the counties (including the cities and towns within) of Accomack, Amherst (east of Rt. 29), Campbell, Caroline,

Essex, Gloucester, Goochland, King and Queen, King George, King William, Louisa, Mathews, Middlesex, Nelson (east of Rt. 151), Northampton, Pittsylvania and Spotsylvania. **Note:** Dogs may not be used for deer hunting in Campbell County (west of Norfolk Southern Railroad) and in Pittsylvania County (west of Norfolk Southern Railroad).

**Either-sex Deer Hunting Days:**  
**November 22, November 29, December 6, and December 8 through January 3:**  
In all areas unless otherwise noted below.

**November 22, November 29, and December 29 through January 3:**  
On Mattaponi WMA.

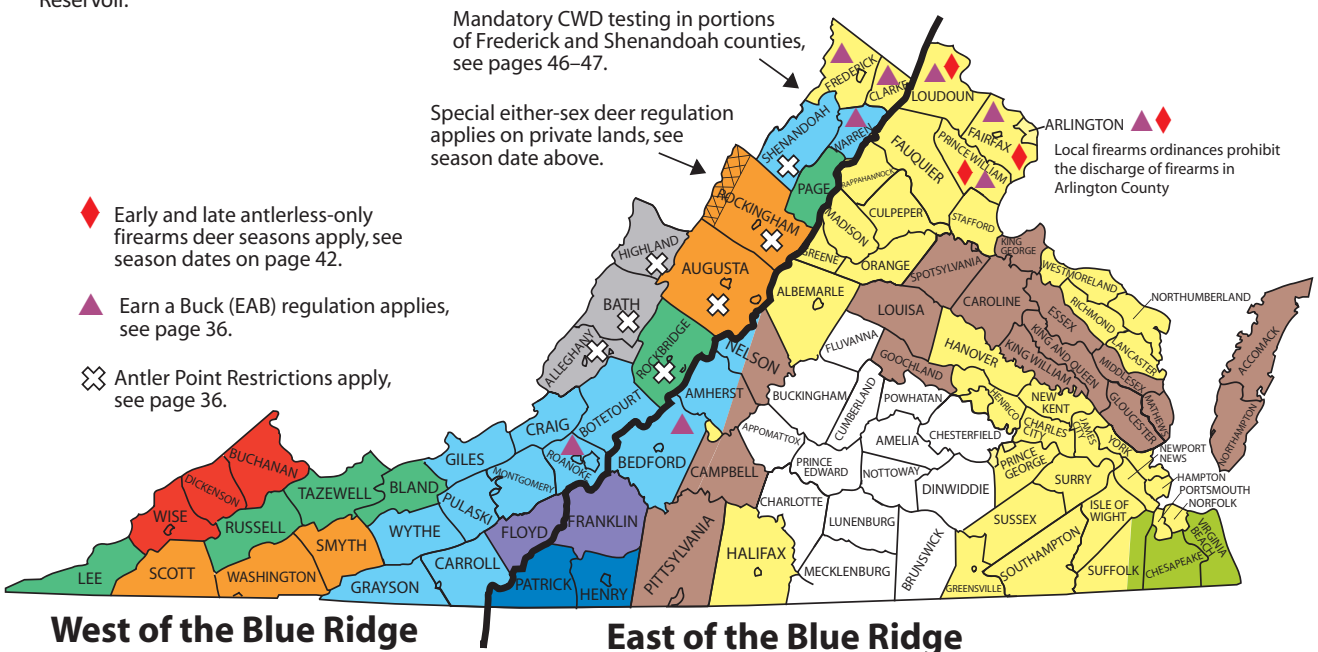

**November 22 and December 29 through January 3:**  
On James River WMA.

**November 22 and January 3:**  
On White Oak Mountain WMA.

**November 15 through 29:**  
In the counties (including the cities and towns within) of Alleghany, Bath, and Highland.

**Either-sex Deer Hunting Days:**  
**November 22 and November 29:**  
In all areas unless otherwise noted below.

**November 29:**  
On National Forest lands in Alleghany County and on National Forest and Department-owned lands in Bath and Highland counties.

## Firearms Either-sex Deer Hunting For Incorporated Cities and Towns

Deer of either sex may be taken full season in the incorporated limits of any city or town in Virginia that allows deer hunting but only with the specific weapons authorized by each individual city or town.

## Legal Methods and Restrictions During Firearms Deer Seasons

Special restrictions apply to specific firearms use during this season. See Legal Use of Firearms, page 22, and Local Firearms Ordinances, page 25, for details.

- Modern firearms.
- Hunters are allowed to use archery tackle or muzzleloading firearms to deer hunt during the firearms deer season with the following conditions:
  - all hunters are required to comply with the either-sex deer hunting days for the firearms deer season.
  - use of muzzleloading firearms is allowed only if not otherwise restricted.
  - muzzleloader deer hunters must wear blaze orange during the firearms deer season.
  - archery deer hunters must wear blaze orange during the firearms deer season except when hunting in areas where the discharge of firearms is prohibited.

## Dogs May Not Be Used For Deer Hunting:

- On Sunday while in possession of a weapon.
- West of the Blue Ridge.
- East of the Blue Ridge in Bedford, Fairfax, Franklin, Henry, Loudoun, Northampton, and Patrick counties, and Amherst (west of Rt. 29), Campbell (west of Norfolk Southern Railroad), Nelson (west of Rt. 151), Pittsylvania (west of Norfolk Southern Railroad), and the City of Lynchburg.
- When hunting during archery and muzzleloading seasons and on the Youth and Apprentice Deer Hunting Day.
- On many military areas. Check individual Post regulations.
- On Amelia, Cavalier, Doe Creek, Featherfin, Mattaponi, Merrimac Farm, Pettigrew, Chester F. Phelps, and G. Richard Thompson Wildlife Management Areas.
- During the first 14 hunting days of the firearms deer season in Madison and Greene counties.

## Tracking Dogs

Tracking dogs maintained and controlled on a lead may be used to find a wounded or dead bear or deer statewide during any archery, muzzleloader, or firearm bear or deer hunting season, or within 24 hours of the end of such season, provided that those who are involved in the retrieval effort have permission to hunt on or to access the land being searched and do not have any

weapons in their possession. (See exception for valid concealed handgun permit holders on page 22.)

## ELK HUNTING

- Elk of either sex, antlered or antlerless, may be taken during any open deer season using weapons legal for deer during that season, except that elk season is closed in the counties of Buchanan, Dickenson, and Wise.
- The taking of an elk counts toward the hunter's daily and license year bag limit for deer.
- Licenses, tag validation, and checking requirements for elk are the same as for deer.
- It is unlawful to destroy the identity (sex) of any harvested elk until checked. Elk may be dismembered to pack it out from the place of kill. The identity of the sex and all parts of the carcass must be present when the elk is checked.

Successful hunters, upon checking an elk, must contact the Department at (804) 367-0044 to schedule the collection of biological samples for disease testing.

## Elk Restoration

The Department has released a small number of elk in Buchanan County, part of a three-county elk restoration area comprised of Buchanan, Dickenson, and Wise counties. Elk hunting is not permitted within the three county elk restoration area.

## Hunters for the Hungry

We hope you will consider joining with this innovative program to help feed the hungry. Hunters for the Hungry encourages successful hunters to donate deer that are surplus to their families needs at participating processing locations. Funds are raised to cover the costs of professional processing, then the venison is distributed to the needy across the Commonwealth. This past season 332,671 pounds of venison were distributed. This brings total distribution since 1991 to 5.56 million pounds, over 22.2 million servings.

Hunters donating an entire deer are not required to pay any part of the processing fee. If you are asked to do so, please contact our office. However, if you desire to make a monetary contribution we encourage you to send it to our office at P.O. Box 304, Big Island, VA 24526. Legislation passed in 2003 in honor of program founder, David Horne, also gives hunters an opportunity to make a donation at the time they purchase their hunting license.

You can make a difference to the hungry and to the future of hunting in Virginia. For additional information and for a list of participating processors, please e-mail: [hunt4hungry@cs.com](mailto:hunt4hungry@cs.com), visit the website at [www.h4hungry.org](http://www.h4hungry.org), call 1-800-352-HUNT(4868), or write to P.O. Box 304, Big Island, VA 24526.

Go to the Hunters for the Hungry website to purchase this shirt or other great gifts.

## Do Not Feed Deer or Elk

Department regulation makes it illegal to place or distribute food, salt, or minerals to feed or attract deer or elk:

- from September 1 through January 3 statewide.
- year-round in Buchanan, Clarke, Dickenson, Frederick, Shenandoah, Warren, and Wise counties (including the cities and towns within).
- in any city, town, or county during any deer or elk hunting season.
- Nor, upon written notification by Department personnel, shall any person continue to place or distribute any food, salt, mineral or similar substances for any purpose if the placement of these materials results in the attraction of and/or feeding of deer. No part of this regulation shall be construed to restrict bonafide agronomic plantings (including wildlife food plots) or distribution of food to livestock.

Furthermore, all feed must be removed from any feeding site prior to September 1, and any area where feed has been distributed will be considered a “baited” area for 10 days following the complete removal of the food. The prohibitions listed above do not include the planting of agronomic crops or wildlife food plots.

### Why Prohibit Deer Feeding?

The Deer Management staff of the Virginia Department of Game and Inland Fisheries oppose the supplemental feeding of deer (and elk) and hunting deer over bait for numerous reasons.

#### Deer Numbers

Feeding deer can artificially increase deer numbers above the habitat’s natural carrying capacity, which can lead to increased habitat damage, crop damage, and private property damage, including increased numbers of deer-vehicle collisions in and around deer feeding sites.

#### Wildlife Habitat

In addition to increased habitat damage, feeding deer frequently alters people’s perceptions about what constitutes healthy, balanced wildlife habitats. These altered perceptions can undermine efforts to preserve, protect, or enhance natural habitats for all wildlife, including deer. For those who feed deer, “habitat” comes in 50-pound bags.

#### Deer Behavior

Supplemental feeding significantly alters the natural home ranges and distribution of deer on the landscape. Feeding deer may also change their behavior, making them less wild. Deer that are fed often lose their nor-

Deer trails to, from and between bait piles shown in winter in northeast Michigan where deer feeding and baiting has been implicated in the maintenance of bovine Tuberculosis in the wild deer population since the mid-1990s. mal fear of humans and become semi-tame. Semi-tame deer can become aggressive, especially during the breeding season, posing a danger to both the people who feed them as well as unknowing bystanders. Wild, free-ranging deer are an asset to the Commonwealth, but fed, semi-tame deer are a liability. Finally, people often assume ownership of the deer they feed, seeing them as pets, and resist hunting or other necessary deer population control measures.

#### Disease

Deer provided with supplemental feed are much more vulnerable to disease. Concentrating deer at feeding and baiting sites dramatically increases the odds that an infected animal will spread disease to other deer via nose-to-nose contact or eating feed contaminated by another animal’s saliva, urine, feces, etc. State wildlife agencies across North America, including Virginia, are currently spending millions of dollars and large amounts of time each year to monitor important wildlife diseases that have been linked to the feeding of deer and elk. These diseases include brucellosis, bovine tuberculosis, and chronic wasting disease (CWD). In Virginia, bovine tuberculosis has been diagnosed twice in captive deer herds over the past two decades, and seven cases of CWD have been found in wild deer in Frederick County since fall 2009.

#### Ethics

A majority of Virginia’s deer hunters and many non-hunters oppose deer hunting over bait. Many deer hunters and the general public think deer hunting over bait is unfair and unethical. This increases polarization among natural allies and erodes the image of deer hunting. A tolerance toward feeding or baiting deer can also discourage deer hunters from learning how to scout for deer, identify deer sign, or learn deer behavior.

**Q:** How does a landowner “remove” a salt or mineral site by September 1st?

**A:** A salt or mineral site is considered “removed” if there is no visible salt or minerals at the site. However, simply removing the salt or mineral from the site does not make the site legal for deer hunting. It is illegal to deer hunt over salt or mineral licks in Virginia unless all the salt and minerals, including residue, have been completely removed from the soil at the site. It is recommended that any salt or mineral block placed be contained in a manner that it cannot leach into the soil.

## CWD Surveillance in Virginia

The Department initiated Chronic Wasting Disease (CWD) surveillance in 2002. Following the discovery of CWD in West Virginia in 2005, the Department’s surveillance efforts have been focused in western Frederick and northwestern Shenandoah counties. Virginia’s first CWD-positive deer was harvested in 2009 in western Frederick County within one mile of West Virginia. Since then, five more CWD-positive deer have been killed in the same area of western Frederick County, and a seventh positive was killed in southern Frederick County in 2013, approximately 10 miles southeast of the others.

### Containment Area Boundaries

In 2014, the Containment Area (CA) boundaries will remain the same as in previous years. The CA includes Frederick County and the City of Winchester west of I-81 and Shenandoah County west of I-81 and north of State Route 675.

**All deer killed by hunters within the CWD Containment Area on the following dates must be brought to a designated sampling station for CWD testing:**

- November 15, 22, and 29, 2014.
- CWD sampling stations will include Cather’s Market, Crossroads Grocery, Gore Grocery, Shawnee Springs Market, and T&R Processing in Frederick County, and Larkin’s Store and Graden’s Supermarket in Shenandoah County.
- Hunters must bring their deer to a designated CWD sampling station on the dates above.

**Whole deer carcasses or deer parts cannot be transported out of the CWD Containment Area, except:**

- Deer parts currently allowed under the carcass importation ban (see below).
- Whole deer carcasses or parts being transported directly to meat processors, taxidermists, or lined landfills within Frederick or Shenandoah counties.

**Special hunting season regulations will continue to apply on private lands in Clarke, Frederick, Shenandoah, and Warren counties and the City of Winchester including:**

- Daily bag limit of two deer per day.
- All hunting seasons, including early and late muzzleloading seasons, full season either-sex on private lands.
- Earn-A-Buck, except in Shenandoah County.

**Feeding of deer is prohibited year-round in Clarke, Frederick, Shenandoah, and Warren counties, and the City of Winchester.**

**Hunters are strongly encouraged to dispose of carcass remains from deer killed within the CWD Containment Area in designated dumpsters or lined landfills located within Frederick and Shenandoah counties. See the agency website listed below for dumpster locations.**

For more information on CWD in Virginia or West Virginia, go to: [www.HuntFishVA.com/wildlife/diseases/cwd/](http://www.HuntFishVA.com/wildlife/diseases/cwd/) or [www.wvdnr.gov/hunting/ChronicWaste.shtm](http://www.wvdnr.gov/hunting/ChronicWaste.shtm).

### Carcass Importation Ban

To prevent the spread of CWD into new areas, Virginia’s carcass transportation regulation prohibits the importation or possession of whole deer carcasses or specified parts of carcasses originating from any

enclosure intended to confine deer or elk or from any area designated by the Department as a carcass-restriction zone (see page 47). This includes any member of the deer family Cervidae (including, but not limited to, white-tailed deer, black-tailed deer, mule deer, fallow, axis, and sika deer, elk, moose, and caribou). However, the following carcass parts may be imported and possessed:

- Boned out meat that is cut and wrapped (either commercially or privately).
- Quarters or other portions of meat with no part of the spinal column or head attached.
- Hides and capes with no heads attached.
- Clean (no meat or tissue attached) skulls and skull plates with or without antlers attached.
- Antlers with no meat or tissue attached.
- Upper canine teeth, also known as “buglers,” “whistlers,” or “ivories.”
- Finished taxidermy products.

A legible label shall be affixed to packages or containers holding the allowed carcass parts with the following information: the species of animal, the state or province from where the animal originated, and the name and address of the person who killed or owned the animal. Any person who imports into Virginia any deer carcass or parts described above and is notified that the animal has tested positive for CWD must report the test results to the Department within 72 hours of receiving the notification. In order to facilitate the proper disposal of any infected material, the Department may take into possession any imported carcass or carcass part of an animal if the animal has tested positive for CWD. For out-of-state hunters, please check the CWD regulations in your home state, the state in which you will be hunting, and states which you will travel through en route home from your hunting area. A summary of state-by-state carcass transportation regulations is provided on the CWD Alliance website ([www.cwd-info.org](http://www.cwd-info.org)) under the Regulations section.

## Taking Deer Carcasses Out of Virginia

Deer hunters must follow carcass importation regulations when they transport a deer carcass out of Virginia. Restrictions for nearby states are as follows:

- Kentucky and North Carolina: Whole carcasses from anywhere in Virginia are prohibited\*
- Maryland, Pennsylvania, and West Virginia: Whole deer carcasses are allowed except those originating from Virginia's CWD Containment Area\*
- Tennessee: Whole deer carcasses are allowed except those originating from Frederick County and Shenandoah County\*

\* Carcasses must be boned out or quartered so the brain and spinal cord is removed. Boned out meat, quarters without spinal column or head attached, antlers, cleaned skull plates, clean upper canines, caped hides, and finished taxidermy products are allowed.

## Bringing Deer Carcasses into Virginia: CWD Carcass Restriction Zones

- Whole carcasses and designated parts are prohibited from any enclosure in North America intended to confine deer or elk
- Whole carcasses and designated parts are prohibited from the entire state or province: Alberta, Colorado, Illinois, Iowa, Kansas, Michigan, Minnesota, Missouri, Montana, Nebraska, New Mexico, New York, North Dakota, Oklahoma, Pennsylvania, South Dakota, Texas, Utah, Wisconsin, and Wyoming
- Maryland: Whole carcasses and designated parts are prohibited from Allegany County only
- West Virginia: Whole carcasses and designated parts are prohibited from Hampshire, Hardy, and Morgan counties only

## Use of Deer Urine-Based Lures: A Potential Risk

Hunters commonly use urine-based scents to either attract deer or to mask human scent, often without realizing that a bottle of "deer urine" may contain much more than just what is printed on the label. When these natural urine-based products are poured on the ground to attract deer to a favorite hunting spot in Virginia, white-tailed deer that taste or sniff the product may actually be exposing themselves to diseases harbored by deer living hundreds of miles away that were used to collect the infected urine. The most significant threat to Virginia's white-tailed deer populations from the use of natural deer or elk urine-based scents is the introduction of Chronic Wasting Disease (CWD) to new areas of the Commonwealth.

### How are natural deer urine-based products made?

Urine from captive elk and/or deer is collected over grate systems that do not prevent contamination from either feces or saliva, and the infectious protein known to transmit CWD has been found in the urine, feces, and saliva of infected individuals. Unfortunately, the "urine" product is not treated chemically or with heat to kill the infectious proteins because these treatments would also secondarily destroy the desired scent characteristics. The infectious proteins causing CWD are extremely resistant to degradation and may persist in the

environment for years in contaminated soil. The production of these urine-based lures is largely unregulated, and many of the facilities are located in areas or states with CWD.

### Are there any alternatives to natural deer urine-based lures?

Yes, there are synthetic products that can be used to attract or lure deer but that do not secondarily pose a risk for CWD transmission to Virginia white-tailed deer. These products are readily available at sporting goods stores and from multiple online retailers.

### Have any states or provinces banned the use of natural deer urine-based lures by hunters?

Alaska Department of Fish and Game banned the use of natural deer urine-based lures statewide in 2012 as a means to minimize the introduction of CWD into the state, which is currently CWD-free. Pennsylvania Game Commission banned the use of such lures in their CWD Disease Management Areas. The Provinces of Alberta, Ontario, and Saskatchewan also prohibit the possession of scents and other substances that contain urine, feces, saliva, or scent glands of deer.

### What should I do?

The VDGF deer management staff recommends that natural urine-based lures not be

used for any reason in Virginia. Importation bans on whole carcass and risky carcass parts (i.e., brain and spinal cord) from high-risk CWD areas (including areas or states infected with CWD or any North American enclosure intended to confine deer) are already in place in Virginia, along with a ban on interstate movement of live deer and elk. Reducing the use of natural deer urine-based lures in Virginia will further minimize the risk of introducing CWD into a new area of Virginia.

### Why should I worry about CWD in Virginia?

Since 2002, VDGF has spent over one million dollars on CWD monitoring and management efforts. But, more importantly, CWD poses a significant risk to the long-term health of the Virginia white-deer populations. Recent population models predict that CWD will lead to drastic declines in deer populations over time. Current research in Wyoming suggests that white-tailed deer numbers are significantly lower in diseased areas than in areas where CWD has not yet been diagnosed, and CWD infection prevalence has risen from 8-10 percent to nearly 25 percent in adult bucks in Wisconsin's southwest CWD core area since the initial discovery of CWD in 2002. For more information on CWD, visit our website at: <http://www.dgif.virginia.gov/wildlife/diseases/cwd/>.

GENERAL INFORMATION

Bag Limits

General: One per day, three per license year, no more than two of which may be taken in the fall.

Archery and Fall Firearms Season: Turkeys of either sex may be taken.

Spring Turkey Season: One per day, bearded turkeys only.

Checking Fall and Spring Turkeys

Wild turkeys killed in the fall (except those killed in January) must be checked at a Game Check Station, by telephone, or the Internet checking system.

Wild turkeys killed in January must be checked using the telephone or Internet checking system.

Wild turkeys killed in the spring gobbler season must be checked using the telephone or Internet checking system.

Feather samples are no longer being collected at Game Check Stations in the fall or spring turkey seasons.

ARCHERY TURKEY SEASON

October 4 through November 8: Statewide except in areas where there is a closed firearm season on turkey.

Legal Methods and Restrictions for Archery Turkey Season

Special restrictions apply to specific firearms use during this season. See Legal Use of Firearms and Archery Tackle, page 22, and Local Firearms Ordinances, page 25 for details.

- Archery tackle (including crossbows) only.
- Decoys and blinds may be used.
- Broadhead widths must be at least 7/8-inch wide or expand upon impact to 7/8-inch.
- Bows must be capable of propelling a broadhead arrow at least 125 yards.
- It is unlawful to use dogs when hunting with archery tackle during the archery season.
- It is unlawful to have a firearm in possession. (See exception for valid concealed handgun permit holders on page 22.)

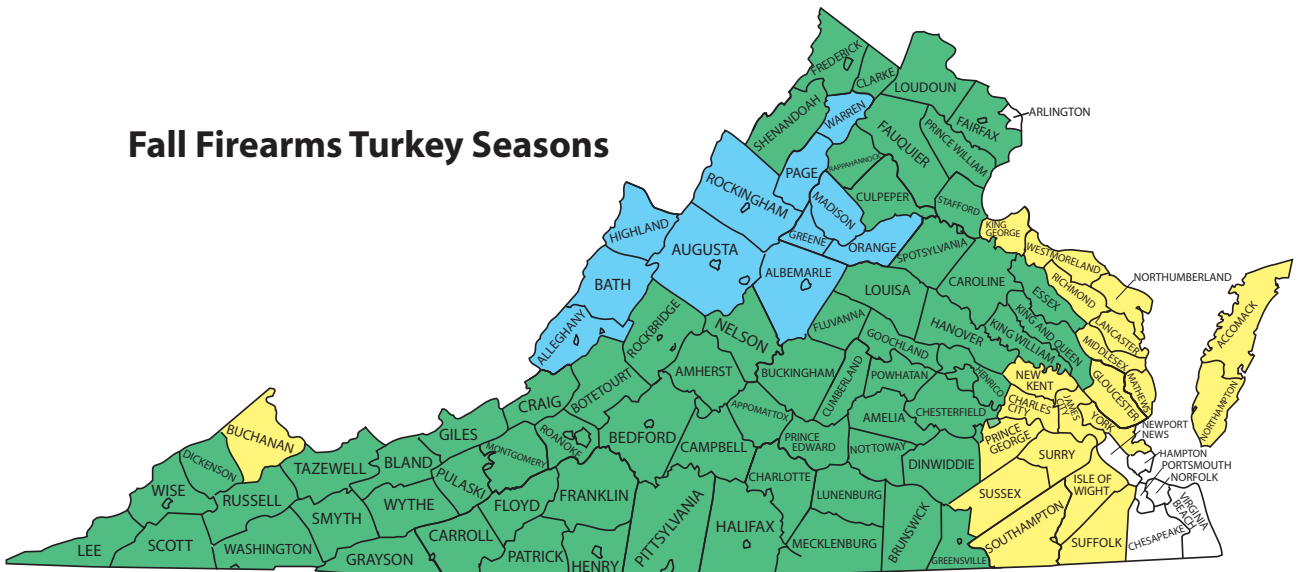

YOUTH AND APPRENTICE FALL TURKEY HUNTING DAY October 18

- Statewide in counties, cities, and areas with a fall turkey season.
- Resident and nonresident youth hunters 15 years of age and under or holders of a valid apprentice hunting license...
- Hunting hours are from 1/2 hour before sunrise to 1/2 hour after sunset.
- Bag limit is one per day either sex.
- Adult hunters accompanying youth or apprentice turkey hunters:
 - do not need a bear, deer, turkey license
 - may assist with calling
 - shall not carry or discharge a firearm.
 - shall maintain close visual and verbal contact with and provide adequate direction to the youth or apprentice hunter.

Q: I just killed my third turkey for the season this morning and my friend who has not killed a turkey this season wants me to call for him today and tomorrow. Can I accommodate him?
A: Yes. You can call for him today with your weapon still in possession if your gun is unloaded, if your bow has no nocked arrow, or if your crossbow is unloaded. You can call for him tomorrow if you do not take a weapon with you.

Turkeys must have weight certified to be entered in the Virginia Big Game Contest. See the Department's website for form.

Fall Firearms Turkey Seasons

## FALL FIREARMS TURKEY SEASONS

**October 25 through November 7 and November 27:**

In the counties of Albemarle, Allegheny, Augusta, Bath, Greene, Highland, Madison, Orange, Page, Rockingham, and Warren.

**October 25 through November 7, November 27, December 1 through 27, and January 10 through January 24:**

In the counties of Amelia, Amherst, Appomattox, Bedford, Bland, Botetourt, Brunswick, Buckingham, Campbell, Caroline, Carroll, Charlotte, Chesterfield, Clarke, Craig, Culpeper, Cumberland, Dickenson, Dinwiddie, Essex, Fairfax, Fauquier, Floyd, Fluvanna, Franklin, Frederick, Giles, Goochland, Grayson, Greensville, Halifax, Hanover, Henrico, Henry, King and Queen, King William, Lee, Loudoun, Louisa, Lunenburg, Mecklenburg, Montgomery, Nelson, Nottoway, Patrick, Pittsylvania, Powhatan, Prince Edward, Prince William, Pulaski, Rappahannock, Roanoke, Rockbridge, Russell, Scott, Shenandoah, Smyth, Spotsylvania, Stafford, Tazewell, Washington, Wise, and Wythe, and on Camp Peary.

**Closed:**

In the county of Arlington and the cities of Chesapeake, Hampton, Newport News, Norfolk, Portsmouth, and Virginia Beach.

**October 25 through November 7, November 27 and December 1 through December 13:**

In the counties of Accomack, Buchanan, Charles City, Gloucester, Isle of Wight, James City, King George, Lancaster, Matthews, Middlesex, New Kent, Northampton, Northumberland, Prince George, Richmond, Southampton, Surry, Sussex, Westmoreland, York (except on Camp Peary), and City of Suffolk.

### Spring Gobbler Hunters Needed For Survey!

For years the Department has conducted a statewide survey of spring turkey hunters to collect their observations and opinions, but participation has been declining. Survey results help the Department with many wild turkey conservation issues. Participants receive an annual report. To participate, send your name and mailing address to [Gary.Norman@dgif.virginia.gov](mailto:Gary.Norman@dgif.virginia.gov).

## Legal Methods and Restrictions for Fall Firearms Seasons and Youth and Apprentice Fall Turkey Hunting Day

Special restrictions apply to specific firearms use during this season. See Legal Use of Firearms and Archery Tackle, pg. 22, and Local Firearms Ordinances, pg. 25, for details.

- Modern firearms.
- Archery tackle (including crossbows).
- Muzzleloading firearms.

- Dogs may be used.
- Unlawful to use electronic calls.

## YOUTH AND APPRENTICE SPRING TURKEY HUNTING DAY

April 4, 2015

- Statewide.
- Resident and nonresident youth hunters 15 years of age and under or holders of a valid apprentice hunting license, when in compliance with all applicable laws and licenses, may hunt when accompanied and directly supervised by an adult who has a valid Virginia hunting license or is exempt from purchasing a hunting license. Nonresident youth of any age need to have the appropriate licenses.
- Hunting hours are from 1/2 hour before sunrise to sunset.
- Bag limit is one per day, bearded birds only.
  - Turkeys harvested by youth or apprentice hunters count against their daily and season bag limit.
- Adult hunters accompanying youth or apprentice turkey hunters:
  - do not need a bear, deer, turkey license on this day.
  - may assist with calling.
  - shall not carry or discharge a firearm.
  - shall maintain close visual and verbal contact with and provides adequate direction to the youth or apprentice hunter.

## SPRING TURKEY SEASON

### Bag Limit:

One per day, bearded turkeys only. Hunters may take one, two, or three bearded turkeys depending on how many turkeys were taken in the fall season.

**Seasons:** Statewide.

**April 11 through May 3, 2015:**

One-half hour before sunrise until 12 noon each day.

**May 4 through May 16, 2015:**

One-half hour before sunrise to sunset.

## Legal Methods and Restrictions for Spring Firearms and Youth and Apprentice Spring Turkey Hunting Day

Special restrictions apply to specific firearms use during these seasons. See Legal Use of Firearms and Archery Tackle, pg. 22, and Local Firearms Ordinances, pg. 25, for details.

- Modern firearms.
- Archery tackle (including crossbows).
- Muzzleloading firearms.
- Decoys and blinds may be used.
- It is unlawful to use electronic calls.
- It is unlawful to use dogs during spring turkey season.
- When using a shotgun it is unlawful to use or have in possession any shot larger than number 2 fine shot during spring turkey season.

## REWARDS

Paid for information leading to the arrest of persons violating Virginia Wildlife, Fish, and Boating Laws.

To be eligible for a reward you **MUST** report the violation by calling 1-800-237-5712.

## GENERAL INFORMATION

### Legal Methods and Restrictions

Special restrictions apply to specific firearms use during this season. See Legal Use of Firearms and Archery Tackle, page 22, and Local Firearms Ordinances, page 25, for details.

- Modern firearms.
- Archery tackle (including crossbows).
- Muzzleloading firearms.
- Dogs may be used.

## CROW

**August 16 through March 20** on Wednesdays, Fridays, Saturdays, and Sundays only.

**September 3 through March 18** on National Forest Lands and Department lands on Wednesdays, Fridays, and Saturdays only.

- Crows are a federally regulated migratory species; however, no HIP number is required and hunters may use unplugged shotguns to hunt them.
- Electronic calls may be used on private and public lands.

## GROUNDHOG

**Continuous open season on private lands.**

- Groundhog hunting on National Forest lands and Department lands is permitted from September 1–March 10 and during the spring turkey season.
- Groundhog hunting is permitted during the spring squirrel season only on Department lands that are open for spring squirrel hunting.
- Groundhog hunting is not permitted on National Forest lands during the spring squirrel season.

### Quail Hunters We Need Your Help!

Please consider joining our quail hunter cooperator survey. Help us keep records on wild quail hunting success rates and habitats where quail are being found. Contact Marc Puckett at: [marc.puckett@dgif.virginia.gov](mailto:marc.puckett@dgif.virginia.gov).

## GROUSE

**October 25 through February 14** west of I-95.

**Continuous closed season** east of I-95.

**Bag Limit:** Three per day.

## QUAIL & PHEASANT

**November 8 through January 31**

**Bag Limits:**

Quail: six per day.

Pheasant: no daily or seasonal bag limit.

### Grouse Hunters Needed For Survey!

Survey results help the Department with many ruffed grouse conservation issues. Participants receive an annual report. To participate, send your name and mailing address to:

[Gary.Norman@dgif.virginia.gov](mailto:Gary.Norman@dgif.virginia.gov).

### Hunting Preserves

Pen-raised game birds may be taken on licensed hunting preserves from September 1 through April 30, including Sundays. A list of hunting preserves open to the public may be obtained at the Department's Richmond office or at [www.HuntFishVA.com](http://www.HuntFishVA.com). A resident hunting on a licensed hunting preserve is required to have a hunting license. A nonresident is required to have either a nonresident hunting license or a special nonresident hunting (shooting) preserve license which is valid only within the boundaries of licensed hunting preserves.

The Virginia Wildlife magazine article "Upland Game Bird Trail" is online at [www.HuntFishVA.com/virginia-wildlife/special-feature.asp](http://www.HuntFishVA.com/virginia-wildlife/special-feature.asp).

## RABBIT

**November 1 through February 28**

**Bag Limit:** Six per day.

## SQUIRREL

(Gray, Red, and Fox)

**Bag Limit:** All squirrels combined—six per day.

**Fall Seasons:**

Gray and Red Squirrels

**September 6 through February 28:** statewide.

Fox Squirrels

**September 6 through January 31** in the following designated areas only: Counties west of the Blue Ridge and in the counties of Albemarle, Bedford, Culpeper, Fauquier, Franklin, Greene, Loudoun, Madison, Orange, Patrick, Prince William, and Rappahannock.

**Spring Season:**

**June 6 through 20, 2015:** Closed on National Forest lands.

**During the Spring Season:**

*Gray and red squirrels may be harvested statewide, unless otherwise posted, and on the following wildlife management areas: Amelia, Big Survey, Big Woods, Briery Creek, Cavalier, Chickahominy, Dick Cross, Doe Creek, Fairystone (including Fairystone State Park and Philpott Reservoir), Featherfin, Gathright, Goshen, Hardware River, Havens, Highland, Hog Island (Carlisle Tract only), Horsepen, James River, Lake Robertson, Little North Mountain, Mattaponi, Merrimac Farm, Pettigrew, Phelps, Powhatan (including the Goochland Tract), Rapidan, Short Hills, Stewarts Creek, G. Richard Thompson, Turkeycock Mountain, and White Oak Mountain.*

*Fox squirrels may be harvested on all lands, unless otherwise posted, in all counties with an open fox squirrel season during the fall squirrel season and on the following wildlife management areas:*

Big Survey, Gathright, Goshen, Havens, Highland, Lake Robertson, Little North Mountain, Merrimac Farm, Phelps, Rapidan, Short Hills, Stewarts Creek, and G. Richard Thompson.

## HUNTING SEASONS GENERAL INFORMATION

### Legal Methods and Restrictions

Special restrictions apply to specific firearms use during these seasons. See Legal Use of Firearms and Archery Tackle, pg. 22, and Local Firearms Ordinances, pg. 25, for details.

- Modern firearms.
- Archery tackle (including crossbows).
- Muzzleloading firearms.
- Dogs may be used (except where prohibited, see Hunting with Dogs, pg. 20).
- Electronic calls for bobcat, coyote, and fox.
- Hunting permitted day or night.
- Lights may be used as long as the light is not attached to or cast from a vehicle.
- Night vision scopes and laser sights may be used.
- No hunting of raccoons on Sundays, except until 2:00 a.m. on Sunday mornings.
- Sunday hunting of furbearers other than raccoons is permitted on private lands with written permission of the landowner.
- No Sunday hunting of furbearers on public lands, except raccoons, which may be hunted until 2 a.m. on Sunday mornings.

## BOBCAT

### Bag Limit

Two per hunting party taken between noon one day and noon the following day. Season bag limit shall be 12 bobcats taken by hunting and trapping combined.

### Archery Season

October 4 through 31: statewide.

### Legal Methods and Restrictions

- It is unlawful to use dogs when hunting with bow and arrow or crossbow during the bobcat archery season.
- It is unlawful to have a firearm in possession.

### Firearms Season

November 1 through February 28: statewide.

### Dogs May Not Be Used to Hunt Bobcats:

During the firearms season for deer in the counties of Alleghany, Amherst (west of Route 29), Augusta, Bath, Bedford, Botetourt, Campbell (west of Norfolk Southern

Railroad), Clarke, Frederick, Highland, Nelson (west of Rt. 151), Page, Pittsylvania (west of Norfolk Southern Railroad), Rockbridge, Rockingham, Shenandoah, and Warren and within the boundaries of the George Washington/Jefferson National Forests.

### Electronic Checking Requirement for Bobcats

All hunters or trappers who kill a bobcat are required to report the kill within 24 hours through the Department's electronic harvest reporting system. Bobcats can be checked with a touch-tone telephone (a rotary phone will not work) by calling the toll-free number 1-866-GOT-GAME (468-4263). Bobcats can also be checked using the Internet. Successful hunters and trappers can access the Department's webpage at [www.HuntFishVA.com](http://www.HuntFishVA.com), then click on "Hunting," then "Check Game Online" under the "Links" tab.

Before using the telephone or Internet checking system, you will need your hunting license number, a pen, and a piece of paper to record your confirmation number. If you are exempt from purchasing a license, you will need your driver's license number or the last four digits of your Social Security number.

At the end of the check-in session, you will be provided with a confirmation number that is a letter followed by 11 digits. **Write this number down and store it in a secure location where it can be retrieved to prove compliance with the checking requirement or to request CITES tags.** If your telephone or Internet session is cut off before you get a complete confirmation number, start the session again and continue until the complete confirmation number is obtained. If you have more than one bobcat to check in, you will have the opportunity to report additional animals at the end of the session.

If you plan to take the bobcat to a taxidermist, you must securely attach written

documentation to the carcass that includes the full name of the hunter or trapper, date of kill, and the harvest confirmation number.

Bobcats legally killed by landowners outside the season and legally possessed road-killed bobcats are not required to be checked in using the electronic harvest reporting system. If you plan to take a bobcat to a taxidermist that does not require checking, you must securely attach the same information described above (except for the confirmation number) and a description of how the bobcat was legally obtained.

### CITES Tagging Requirement for Bobcats

Bobcat pelts that are sold, traded, or transported out of state must also have a CITES tag affixed to each animal. A valid confirmation number will be needed to obtain a CITES tag. No CITES tag is needed to have a bobcat mounted by a Virginia taxidermist or to ship a bobcat pelt out-of-state for tanning purposes (unless required by the state where the tannery is located).

**To obtain a CITES tag for a bobcat, contact Customer Service at (866) 721-6911 during regular business hours.** If you cannot reach Customer Service, you can contact a Conservation Police Officer through your nearest Department regional office (listed on page 6) or your local Sheriff's Office (after hours). Every effort will be made to provide CITES tags as quickly as possible, but we may not be able to accommodate short notice requests received on weekends or after hours. Nonresident hunters or trappers who need to leave the state before they are able to secure a CITES tag should plan to leave the bobcat pelt or carcass in the care of someone in Virginia until a tag can be attached.

Make sure that you have a valid harvest confirmation number for each CITES tag requested. Tags ordered from our Customer Service Center will be mailed directly to the hunter or trapper, along with instructions for tagging. If a bobcat pelt is required to have a CITES tag affixed, it must be tagged by April 1.

### What does the acronym CITES mean?

CITES is an abbreviation for the Convention on International Trade in Endangered Species. It is an international agreement between governments to ensure that international trade in specimens of wild animals and plants does not threaten their survival. Although the bobcat and otter species found in Virginia are not endangered, their pelts are similar in appearance to several endangered animals in other countries. As a result, the United States agreed to affix CITES tags to all bobcat and otter pelts before they leave the country. Virginia is required to participate in this program to comply with the CITES agreement.

## COYOTE

### Season:

Continuous open season except on National Forest lands and Department lands. Coyote hunting on National Forest lands and Department lands is permitted from September 1 through March 10 and during the spring turkey season. Coyotes may also be hunted on Department lands during the spring squirrel season unless otherwise posted (see page 50 for list of open areas).

### Coyote Bounty Law:

Coyote bounties are not administered by DGIF. Counties have the option of establishing their own coyote bounty system. For more information, hunters and trappers should contact their County Administrator or County Board of Supervisors.

## FISHER

Continuous closed season for taking fisher. Please report verifiable sightings (see page 55).

## FOX

### Firearms Season:

**November 1 through February 28:**

Closed in Albemarle, Clarke, Culpeper, Fauquier (except Quantico), Loudoun, Louisa, and Rappahannock counties.

### Dogs May Not Be Used to Hunt Foxes:

During the firearms season for deer on the Gathright, Goshen, Highland, and Little North Mountain Wildlife Management Areas and within the boundaries of the George Washington/Jefferson National Forests.

### Chase-Only Season:

**NO FOXES MAY BE TAKEN EXCEPT DURING THE FIREARMS SEASON.**

### Licenses Required

License requirements are the same as those for hunting foxes with firearms. However, a Fox Hunting License to hunt foxes on horseback with hounds without firearms may be purchased in lieu of a basic hunting license. This license exempts the licensee from having to complete the hunter education program.

### Continuous open season statewide

(including Sundays) unless noted below.

- Closed March 1 through October 31 and

during the firearms season for deer on the George Washington/Jefferson National Forests and on Gathright, Goshen, G. Richard Thompson, Highland, and Little North Mountain WMAs.

- Closed March 1 through October 31 on Rapidan WMA.

### Restrictions:

- Unlawful to have in possession a firearm when hunting fox outside of the firearms fox season. Possession shall include, but not be limited to, having any firearm in or on one's person, vehicle, or conveyance. (See exception for valid concealed handgun permit holders on page 22.)

## OPOSSUM

### Firearms Season:

**October 15 through March 10:** statewide.

## RACCOON

### Bag Limits:

**East of the Blue Ridge:** Two per hunter taken between noon one day and noon the following day.

**West of the Blue Ridge:** Two per hunting party (individual or organized) taken between noon one day and noon the following day.

### Firearms Season:

**October 15 through March 10:** statewide.

### Legal Methods and Restrictions

- Raccoons may be hunted until 2:00 a.m. Sunday mornings.
- Lights may be used as long as the light is not attached to or cast from a vehicle.

### Chase-Only Seasons

**NO RACCOON MAY BE TAKEN EXCEPT DURING THE FIREARMS SEASON.**

### Continuous open season statewide

(including Sundays) except on Department-controlled lands west of the Blue Ridge Mountains and on National Forest lands.

### August 10 through September 28:

(including Sundays) on Department-controlled lands west of the Blue Ridge Mountains and on National Forest lands where bear hound training is permitted (see page 34).

### Restrictions:

It is unlawful to have in possession a firearm,

bow, axe, or any tree climbing device when chasing raccoons outside of the firearms season. Possession shall include, but not be limited to, having these devices in or on one's person, vehicle, or conveyance while engaged in the act of chasing. (See exception for valid concealed handgun permit holders on page 22.)

## SKUNK

### Season:

Continuous open season to hunt striped skunk except on National Forest lands and Department lands.

Striped skunk hunting on National Forest lands and Department lands is permitted from September 1 through March 10 and during the spring turkey season. Striped skunks may also be hunted on Department lands during the spring squirrel season unless otherwise posted (see page 50 for list of open areas).

Continuous closed season for taking spotted skunks and the pelts of spotted skunks may not be sold.

**Q: Are laser sights, night vision scopes and infrared scopes legal to use when legally hunting at night?**

**A:** Yes, these devices are legal to use when legally hunting at night. The following animals are legal to hunt at night: bobcat, coyote, feral hog, fox, opossum, raccoon, and skunk.

### Electronic Calls

It is unlawful to take or attempt to take wild animals and wild birds with recorded or electronically amplified calls, except for bobcat, coyote, crow, and fox. Electronic calls may be used on private lands with written permission of the landowner and on public lands (except where specifically prohibited) during periods when the use of firearms is permitted.

### Spotted Skunk Information Needed

Our Department would like to know if you have seen the animal in this photograph. The Eastern spotted skunk (*Spilogale putorius*), also known as a “civet cat,” is one of two species of skunks found in Virginia. Most people are familiar with the common striped skunk (*Mephitis mephitis*) that is statewide in distribution. The spotted skunk, however, is lesser known and generally found only in the western portion of the state. They are small, slender animals, usually not much larger than a squirrel (1 to 2½ pounds) and noticeably smaller than most striped skunks. The glossy black fur has four to six broken white stripes along the back and sides that resemble “spots.” The tail usually has a white tip and the head often has an inverted triangular white patch above the nose. The status of spotted skunks in Virginia is largely unknown, but populations are believed to have declined precipitously during the last half of the 20th century. Loss of suitable habitat has almost certainly contributed to this decline, but may not completely explain the spotted skunk’s decrease in numbers. Please note that it is illegal to shoot or trap spotted skunks (unless they are causing damage) and their pelts may not be sold. If you have information regarding occurrences of spotted skunks in Virginia, particularly trail camera photos or other verifiable evidence, please contact our furbearer biologist, Mike Fies, at (540) 248-9390 or by e-mail at [mike.fies@dgif.virginia.gov](mailto:mike.fies@dgif.virginia.gov).

### Report a Nutria in Virginia

As part of a multi-agency effort, the Department of Game and Inland Fisheries is continuing to monitor the distribution of nutria in Virginia. The nutria (*Myocastor coypus*) is an invasive semi-aquatic mammal native to South America. A casual observer may misidentify a muskrat or beaver as a nutria. Compared to a muskrat, nutria are considerably larger (average 12 pounds), have a round tail, white whiskers, and orange teeth. Nutria cause considerable damage to North American wetlands and are legally defined as a nuisance species in Virginia. Although the current distribution of nutria in the Commonwealth is not completely known, confirmed reports have been limited to areas east of Interstate 95 and south of the James River. Improving our understanding of where nutria occur is necessary to support potential eradication efforts. If you believe you have seen a nutria in Virginia, please visit the website below and report your sighting. The information you provide will assist us with the management of this invasive species: [www.reportnutria.org](http://www.reportnutria.org).

## GENERAL TRAPPING REGULATIONS

Residents under 16 years of age do not need a license to trap when accompanied by any person 18 years of age or older who possesses a valid state or county license to trap. Residents under 16 years of age who hold a resident junior trapping license are not required to be accompanied by a licensed adult while trapping. County residents 65 years of age and over do not need a license to trap on private property in their county of residence. National Forest lands will be open during the regular trapping seasons. Check local ordinances before trapping near highways.

Trapping is allowed on any day of the week, including Sundays. In addition, trappers may shoot wild animals caught in traps on any day of the week (including Sundays) in order to dispatch them. No additional license is required other than a valid Virginia trapping license (unless you are license exempt).

Trapping on Department-owned or controlled lands and waters is allowed under the regulations of the Board unless prohibited by posted rules. The posted rules may require written authorization to trap on some areas or may specify other restrictions.

It is lawful to set traps in water from December 1 through the last day of February, both dates inclusive, and at any time within the incorporated limits of any city or town in the Commonwealth and in the counties of Arlington, Chesterfield, Fairfax, Henrico, James City, Loudoun, Prince William, Spotsylvania, Stafford, Roanoke, and York, except as otherwise specifically provided by Department permit or by local ordinances.

Any person setting or in possession of a steel foothold or body gripping trap or snare shall have it marked by means of a nonferrous metal tag bearing his name and address or a permanent identification

number issued by the Department. This requirement shall not apply to landowners on their own land, nor to a bonafide tenant or lessee within the bounds of land rented or leased by him, nor to anyone transporting any such trap from its place of purchase.

Trappers must visit all traps once each day and remove all animals caught therein, except for completely submerged body-gripping traps which must be visited once every 72 hours.

The use of body gripping traps with a jaw spread in excess of 7 ½ inches is prohibited except when such traps are at least half submerged by water.

It is unlawful to set on land any steel foothold trap with teeth set upon the jaws or with a maximum inside jaw spread exceeding 6 ½ inches measured perpendicular to the hinges.

It is unlawful to set above the ground any body gripping trap with a jaw spread in excess of 5 inches when using any bait, lure or scent. However, baited body-gripping traps with a jaw spread greater than 5 inches and up to 7 ½ inches may be used within an enclosure with openings no greater than 60 square inches and the trap trigger recessed at least 12 inches from all openings (see diagram). Traps must be staked to prevent enclosures from turning over and may only be used on private lands with written permission of the landowner.

It is unlawful to intentionally set foothold traps, body-gripping traps, or snares within 50 feet of an animal carcass or animal parts, unless the carcass or parts are completely covered at the time the trap is set or visited. For the purposes of this requirement, completely covered is defined as not being visible from above. A carcass is defined as the body, portions of the body, meat, organs, or viscera of any animal, including fish. Feathers (including those with attached skin or entire bird wings), hair (with or without skin or hide), and bones that include no attached meat, organs, or viscera, are excluded from this definition.

No deadfalls traps may be used. Snares set on land must have loops 12 inches or less in diameter with the top of the snare loop no more than 12 inches above the ground. Land snares may only be used with written permission of the landowner.

It is unlawful to willfully molest, damage, or remove any trap, or any lawfully caught bird or animal from or in any way disturb traps or snares legally set by another person.

It is unlawful to shoot a rifle or pistol at wild birds or animals on or over public inland waters; however, a licensed trapper may shoot a .22 caliber rimfire rifle or pistol on or over public inland waters for the purpose of dispatching a trapped animal.

### Virginia Trappers Association Reward Program

Every year, Virginia trappers lose hundreds of traps to thieves. The Virginia Trappers Association is offering a reward, up to \$500, for individuals who report trap theft to the Department that results in a successful prosecution. Anyone who sees traps being stolen is encouraged to report it through the Department's violation reporting hotline at 1-800-237-5712 or email at [wildcrime@dgif.virginia.gov](mailto:wildcrime@dgif.virginia.gov).

If you encounter traps while in the outdoors, you have a legal obligation to respect the trapper's private property and leave them alone. At the same time, trappers have an ethical obligation not to set traps in areas where they are likely to be encountered by the general public or their pets.

### Permanent Identification Number For Trap Tags

Trappers have the option of using a permanent identification number on their trap tags instead of their name and address. The Department will assign a unique number to interested trappers for permanent use. To obtain a trapper ID number, contact the Verona Regional Office at (540) 248-9360 for instructions. Please remember that this method of tag marking is OPTIONAL and that you may continue to use tags with your name and address, if you prefer.

### Body-gripping Trap Enclosure

## TRAPPING SEASONS

There is a continuous open season to trap beaver, muskrat, opossum, and raccoon within the incorporated limits of any city or town in the Commonwealth, and in the counties of Arlington, Chesterfield, Fairfax, Henrico, James City, Loudoun, Prince William, Spotsylvania, Stafford, Roanoke, and York.

When beavers are damaging crops or lands, the owner of the premises, his agent, or tenant, may kill the animals or have them killed. This includes shooting, except in areas where the discharge of firearms is prohibited.

**Beaver**  
December 1 through February 28

**Bobcat**  
November 15 through February 28

**Bag limit:** The season bag limit shall be 12 bobcats in the aggregate, taken by hunting and trapping combined.

All trapped bobcats must be reported within 24 hours through the Department's electronic harvest reporting system. A CITES tag may also be required for some bobcats. Please see page 51 for details regarding electronic bobcat checking and CITES tagging procedures.

**Coyote**  
Continuous open season.

**Fisher**  
Continuous closed season.

**Fox**  
**November 15 through February 28:**  
Fox trapping is prohibited in Clarke (except on G. Richard Thompson WMA), Fauquier (except on Chester F. Phelps WMA and G. Richard Thompson WMA), Loudoun, and Rappahannock counties.

**Mink**  
December 1 through February 28

**Muskrat**  
December 1 through February 28

**Nutria**  
Continuous open season.

**Opossum**  
November 15 through February 28

**Otter**  
December 1 through February 28

**Bag Limit:** The season bag limit shall be 4 otters in all counties west of the Blue Ridge. There is no season bag limit in counties east of the Blue Ridge.

**CITES Tagging Requirement For Otter**  
Otter pelts that are sold, traded, or transported out of state must also have a CITES tag affixed to each animal. No CITES tag is needed to have an otter mounted by a Virginia taxidermist or ship an otter pelt out-of-state for tanning purposes (unless required by the state where the tannery is located). To obtain a CITES tag, contact a local Conservation Police Officer through your nearest Department regional office (listed on page 6). If an otter pelt is required to have a CITES tag affixed, it must be tagged by April 1.

**Rabbit**  
May be taken with box traps from October 15 through January 31, provided no traps shall be set on the lands of another without written permission of the landowner. Trappers using box traps for rabbits do not need a license.

**Raccoon**  
November 15 through February 28

**Skunk**  
Continuous open season for striped skunk. Continuous closed season for taking spotted skunk and the pelts of spotted skunk may not be sold.

**Weasel**  
December 1 through February 28

## Do You Have a Trail Camera Photo of This Animal?

If you have a trail camera photo of this animal, we would like to hear from you. The fisher (*Martes pennanti*) once occurred in the western mountains of our state, but populations were likely extinct by the 1900s. After a long absence, fishers appear to be reestablishing themselves as part of our fauna.

Fishers are members of the Mustelid or weasel family. They are stocky animals with an elongated body and relatively short legs. Adult fishers are about the size of a fox, typically weighing 4 to 12 pounds and measuring 30 to 47 inches from the nose to the tip of the tail. Their fur is dark brown and black. The face and shoulders often have a golden or silver sheen. The underside may have patches of white or cream colored fur.

Please note that it is illegal to kill fishers in Virginia since they are not classified as a game, furbearer, or nuisance species. If you have verifiable information (i.e. trail camera photos, video, etc.) regarding occurrences of fishers in Virginia, please contact our furbearer biologist, Mike Fies, at (540) 248-9390 or by e-mail at [mike.fies@dgif.virginia.gov](mailto:mike.fies@dgif.virginia.gov).

## DEPARTMENT WILDLIFE MANAGEMENT AREAS

The Virginia Department of Game and Inland Fisheries maintains 40 management areas totaling more than 200,000 acres for the benefit of all citizens for a variety of wildlife-related outdoor recreational opportunities. Thirty-eight management areas are open for some type of hunting. These lands are purchased and maintained with hunting, fishing, and trapping license fees and with Federal Assistance in Wildlife Restoration funds, derived from the sale of hunting-related equipment. We encourage the public to visit these areas to enjoy wildlife, habitats, and the bountiful natural resources found there.

## Wildlife Management Area: General Rules and Regulations

These lands are held in trust by the Department to conserve habitat for wildlife. The goal of the Wildlife Management Area system is to: *Maintain and enhance habitats that support game and nongame wildlife while providing opportunities to hunt, fish, trap, and view wildlife.* Other uses of WMAs may be allowed by written authorization of the Director, as long as they do not interfere with the goals and uses of WMAs.

*NOTE:* Not all activities listed below are available on each WMA, check our website at [www.HuntFishVA.com/wmas](http://www.HuntFishVA.com/wmas) for specific WMA information.

### Access

- Any person, 17 years of age or older accessing a DGIF Wildlife Management Area or Fishing Lake must have in possession one of the following valid Virginia licenses/permits: freshwater fishing license, hunting license, trapping license, boat registration, or DGIF Access Permit.

### Camping/Fires

- Primitive camping is permitted for up to 21 consecutive days when occupants are engaged in authorized activities. No more than 3 camping units are permitted per site.
- Camping is prohibited on or within 100 yards of any boat ramp, fishing lake, or at other specific sites as posted.
- It is unlawful to leave a campfire unattended. From February 15 to April 30 campfires are allowed only between the hours of 4:00 p.m. and midnight.

### Disabled Hunter Access

- Trails are open to manual and power wheelchairs and personal mobility assistive scooters (for indoor/outdoor use) designed primarily to assist people with disabilities. Individuals are encouraged to use caution when selecting trails, as many were designed for foot traffic only. Terrain may make them unsuitable for personal mobility devices.
- Electric vehicles up to 54 inches in width are permitted only on designated trails.

### Dogs

- It is lawful to chase with dogs or train dogs on Department-owned lands only during authorized hunting, chase, or training seasons that specifically permit these activities.
- Dogs must be leashed at all times outside of open hunting, chase, or training seasons.

### Firearms

- It is unlawful to have in possession or in a vehicle a bow, crossbow, or any firearm that is not unloaded and cased or dismantled:
  - While on Department-owned lands west of the Blue Ridge except when it is lawful to take bear, deer, grouse, pheasant, quail, rabbit, raccoon, squirrel, turkey, or waterfowl.
  - While on Department-owned lands east of the Blue Ridge except when it is lawful to take bear, deer, grouse, pheasant, quail, rabbit, raccoon, squirrel, turkey, waterfowl, or migratory game birds.
  - Except when possessing a permit issued by the Department.
  - Except when possessing a handgun and a valid concealed carry permit issued by a Circuit Court.
- It is unlawful to possess or transport a loaded gun in or on any vehicle at any time on a WMA.
- Target shooting is permitted only on designated ranges.

### Fishing, Boating, & Swimming

- Refer to the current Virginia Freshwater Fishing Regulations digest and posted signs for special fishing rules which apply to this WMA.
- It is unlawful to use boats propelled by a gasoline motor, sail, or mechanically operated recreational paddle wheel unless otherwise posted.
- Swimming is prohibited unless otherwise posted. Anglers, hunters, and trappers actively engaged in fishing, hunting, or trapping may wade in public waters.
- Only rod and reel angling is permitted. All other methods of take (trotilines, juglines, limblines, etc.) are prohibited.

### General

- Activities involving groups of more than 12 persons require written authorization from the Department.
- Display or consumption of alcoholic beverages in public is prohibited.
- Commercial activities are prohibited except by written authorization from the Department.

### Horseback/Bicycle Riding & Hiking

- Horseback and bicycle riding only on roads and trails designated for these uses. No riding in cultivated or planted fields, or on eroded areas.
- Hiking is welcome.
- Riders, cyclists, and hikers should be mindful of all open hunting and trapping seasons. Please avoid engaging in these

activities when they may interfere with hunters, anglers, and wildlife watchers.

- A blaze orange hat or clothing is recommended for non-hunters during hunting seasons.

### Hunting & Trapping

- Refer to the current Hunting & Trapping in Virginia digest and posted signs for special hunting or trapping rules which apply to the WMAs.

### Resource & Property Damage

- It is unlawful to construct or occupy any permanent structure (including a permanently-affixed tree stand) except by Department permit.
- It is unlawful to cut, mutilate, destroy, or remove vegetation or to remove other minerals, artifacts or other property from this area. Metal detecting/artifact hunting is prohibited.
- Berry picking and gathering of mushrooms or other fruits is allowed.
- It is unlawful to damage, deface, or remove any building, gate, fence, sign or other property.
- No posting of unauthorized signs, notices, and flyers anywhere on the WMA.

### Special Antler Rules

- It shall be unlawful to kill an antlered deer on Featherfin Wildlife Management Area or on the special Fairystone Quality Deer Management Area unless the deer has at least four antler points, 1 inch or longer, on either the right or left antler.

### Vehicles

- Motor vehicles are prohibited behind barricades or gates designed to prevent entry or within areas otherwise posted to prohibit motor vehicles.
- Operation of ATVs and other unlicensed motor vehicles is prohibited.
- Cross-country motor vehicle travel is prohibited.
- Motor vehicles, campers, and trailers may be parked on Department-owned lands only when the owners/responsible party are engaged in authorized activities.

## PUBLIC RANGES ON WMAs AND NATIONAL FORESTS

The Department has public sighting-in ranges available at the Wildlife Management Areas (WMA) listed below. These ranges were built for sportsmen to properly sight-in their firearms before going afield during the hunting seasons. All Department public sighting-in ranges are handicapped accessible. Range rules and hours of operation are prominently posted at each range to promote shooting safety and proper care of the facilities. Range users must adhere to posted rules and hours of operation. No reservations are required. Any person, 17 years of age or older, accessing a WMA or DGIF fishing lake must have in their possession a valid hunting, freshwater fishing, or trapping license; current boat registration, or Access Permit (see pages 19 and 57). Shooters are limited to one hour of shooting when range is full. Be sure to bring your own paper targets, cardboard backing, clothespins, and tape. In order to help maintain the ranges, all target materials and brass must be removed for proper disposal off site. "Leave No Trace." Specific hours and dates of operation, range rules, scheduled closures, travel directions, and other information is posted on the Department website at [www.HuntFishVA.com/hunting/shooting\\_ranges.asp](http://www.HuntFishVA.com/hunting/shooting_ranges.asp).

The use of firearms and bows at public ranges during closed general firearms hunting seasons is restricted to the area within the established range boundaries for target shooting purposes only. Such weapons are required to be unloaded and cased or dismantled on all national forest and department-owned lands outside the range boundaries during this period.

Pistol and clay target shooting are prohibited. General dates of operation are September 1 to March 31. With the exception of state holidays, the range will be closed on Mondays for maintenance. For information contact Forest Regional Office, (434) 525-7522.

**NOTE: The Department reserves the right to manage the use and access of these facilities as deemed appropriate. These facilities are subject to emergency closures.**

### National Forest Shooting Ranges

These ranges are open sunrise to sunset during the operating season. Users must bring their own paper targets to all ranges. Use stationary paper targets only. Moving targets, including skeet and/or clay targets, are prohibited except at the Blacksburg Range where clay targets are allowed. No tracer or incendiary type ammunition is allowed. Shooters under the age of 16 must be accompanied by an adult. Alcoholic beverages are prohibited. All of the ranges have vault toilet restroom buildings. None of these sites have drinking water.

**The Blacksburg Shooting Range** in Montgomery County offers two facilities: an 18-lane rifle/pistol range with covered benches for firing at stationary paper targets for up to 100 meters, and a single position shotgun (trap) range for shooting clay targets. Archery is allowed at the shotgun range. Shooting benches and restrooms are wheelchair accessible although some shooters will need assistance with hanging and retrieving targets. This year-round range is closed on Mondays for cleaning. For information contact: Eastern Divide Ranger District, (540) 552- 4641.

**The Bath County Shooting Range** has a 5-lane range with covered benches for shooting stationary paper targets at 50–100 yards. Pistols and rifles are allowed, but no shotguns or moving targets. This range is open year round. For information contact: Warm Springs Ranger District, (540) 839-2521.

**The Hite Hollow Shooting Range** in Augusta County offers a 6-lane rifle for shooting approximately 50, 100, and 150 yards, and a 2-lane pistol range for shooting approxi-

mately 25 yards. Both of these facilities have covered benches. This range is open from May 2 through December 31. For information contact: North River Ranger District, (540) 432-0187.

The **Low Moor Shooting Range** in Alleghany County provides a 5-lane rifle range for shooting 50 and 100 yards, and a 3-lane pistol range for shooting up to 25 yards. No shotguns or moving targets are allowed. Both ranges offer covered benches. This range is open year round. For information contact: James River Ranger District, (540) 962-2214.

The **Pott's Slope Shooting Range** in Craig County provides a 9-lane, covered bench, rifle and pistol range for shooting targets at 25, 50, and 100 yards. No shotguns or moving targets are allowed. Shooting benches and restrooms are wheelchair accessible although some shooters will need assistance with hanging and retrieving targets. This range is open year round, but is closed on Tuesdays for cleaning. For information contact: Eastern Divide Ranger District, (540) 552-4641.

The **West Side Shooting Range** provides 8 shooting lanes of various lengths for rifles, shotguns and pistols. All 8 lanes have covered shooting benches. No moving targets are allowed. This range is open from May 2 to December 31. For more information contact: North River Ranger District, (540) 432-0187.

The **Wythe Shooting Range** offers a total of 10 lanes with covered benches. Five are dedicated pistol lanes (25 yards only), three are dedicated rifle lanes (100 yards) and the final two are intermittent lanes where targets can be set at 7, 10, 15, 25, 50, and 100 yards. No shotguns, moving targets or archery allowed. This range is open year round. For more information, contact: Mt. Rogers National Recreation Area, (800) 628-7202.

**NOTE: On National Forests, please remember firearms may be discharged for target practice only at established shooting ranges. Discharging a firearm in a developed recreation site is dangerous and prohibited. For more information contact: the George Washington and Jefferson National Forest Headquarters at 5162 Valleypointe Parkway, Roanoke, VA 24019, or call 540) 265-5100.**

## REGULATIONS SPECIFIC TO NATIONAL FOREST AND DEPARTMENT LANDS

It shall be unlawful to have in possession a bow, crossbow, or any firearm which is not unloaded and cased or dismantled on all National Forest lands statewide, or on Department-owned lands and on lands managed by the Department under cooperative agreement in counties west of the Blue Ridge Mountains except during the period when it is lawful to take bear, deer, grouse, pheasant, quail, rabbit, raccoon, squirrel, turkey or waterfowl on these lands; and on Department-owned lands and on lands managed by the Department under cooperative agreement in counties east of the Blue Ridge Mountains except during the period when it is lawful to take bear, deer, grouse, pheasant, quail, rabbit, raccoon, squirrel, turkey, waterfowl or migratory game birds on these lands. (See exception for valid concealed handgun permit holders on page 22.)

### Unauthorized Feeding

It is unlawful to place or direct the placement of, deposit, distribute, or scatter food or salt capable of attracting or being eaten by bear, deer or turkey on National Forest lands and Department-owned lands. This regulation does not prohibit the proper disposal of food in trash receptacles provided by the National Forest or by the Department. See pages 24, 31, and 45 for other feeding restrictions.

It shall be unlawful to possess or transport a loaded firearm or loaded crossbow in or on any vehicle at any time on National Forest lands or Department-owned lands. (See exception for valid concealed handgun permit holders on page 22.)

"Loaded firearm" is defined as a firearm in which ammunition is chambered or loaded in the magazine or clip, when such magazine or clip is found engaged or partially engaged in a firearm.

The definition of a loaded muzzle-loading firearm will include a firearm which is capped, or has a charged pan, or has a primer, or battery installed in the firearm.

The definition of a "loaded crossbow" is a crossbow that is cocked and has either a bolt or arrow engaged or partially engaged on the shooting rail or track of the crossbow, or with a "trackless crossbow" when the crossbow is cocked and a bolt or arrow is nocked.

The word "possession" shall include, but not be limited to, having any bow, crossbow, or firearm in or on one's person, vehicle, or conveyance.

It is unlawful to chase with a dog or train dogs on National Forest lands or Department-owned lands except during authorized hunting, chase, or training seasons that specifically permit these activities on these lands.

## WE'RE WORKING HARD TO FIND YOU A PLACE TO HUNT AND FISH!

The Wildlife Foundation of Virginia is a non-profit organization, dedicated to the conservation, protection, and enhancement of the wildlife and habitat resources of the Commonwealth of Virginia.

For more information on how you can help us ensure Virginians will always have a place to hunt and fish, contact us:

Jenny West, Executive Director

## Access Roads

Hunter access roads on Department lands seasonally open to motor vehicles will be open (weather permitting) from the last Saturday in September to the 2nd Saturday in February and the 1st Saturday in April to the 3rd Saturday in May.

Opening and closing dates of hunter access roads on National Forest lands may vary by ranger district. Opening and closing dates are determined by management considerations for the areas accessed by these roads. Contact the local ranger district listed at left for opening and closing dates on specific roads.

Any motor driven vehicle using roads normally open to motor vehicles on Department and National Forest lands shall conform with all state laws for highway travel. No cross country travel is permitted. All terrain vehicle (ATV) and off-road vehicle (ORV) travel is permitted only on designated National Forest roads and trails.

## Camping Policy

Primitive camping (no water, electric hookups, bathrooms or other facilities) is permitted on Department-owned lands, except as otherwise posted. Camping is prohibited on or within 100 yards of any Department-owned or controlled boat ramp or fishing lake. Camping on Department-owned lands is not to exceed 21 consecutive days. No more than 3 camping units are permitted per site.

Camping on the George Washington/ Jefferson National Forests for more than 21 consecutive days without terminating occupancy for a minimum of 10 consecutive days within a 31-day time period is prohibited. For more information, please visit the National Forest website [www.fs.fed.us/r8/gwj](http://www.fs.fed.us/r8/gwj) or call the appropriate office. No trash service is provided. "Pack it in, Pack it out."

## Structures

It is unlawful to construct, maintain, or occupy any permanent structure, except by permit, on Department-owned lands and National Forest lands.

It is unlawful to maintain any temporary dwelling on Department-owned land for more than 14 consecutive days. Persons constructing or occupying such structures are responsible for complete removal of temporary structures.

## Tree Stands

It is unlawful to construct, maintain, or occupy any permanent tree stand on Department-owned lands, National Forest lands, and on Department of Conservation and

Recreation-owned or controlled lands. Portable tree stands, which are not permanently affixed, may be used. Use of a full body safety harness while hunting from tree stands is strongly recommended.

## PUBLIC ACCESS LANDS FOR SPORTSMEN (PALS)

PALS is a program that opens additional lands for public use. Through this cooperative private/public program the Department has opened more than 30,000 acres of private land in Dickenson County and 260 acres in James City County to public hunting, fishing and trapping. The property in Dickenson is owned by Heartwood Forestland Fund IV and managed by The Forestland Group, LLC.

The Department manages access to both properties for hunting, fishing, and trapping. PALS permits are only sold through license agents or on the DGIF web site, and the fee is \$18.00. Hunters, anglers, and trappers must buy the permit from a license agent or online. Inquiries about these areas should be directed to the web site [www.dgif.virginia.gov](http://www.dgif.virginia.gov) or to the Marion Region IV Office at (276) 783- 4860 (Dickenson County property) or Charles City Region I office at (804) 829-6580 (James City County property) for recreational opportunities in their respective regions.

The Department hopes to provide additional PALS lands in the future across other parts of the Commonwealth.

## STATE FORESTS

The State Forests of Virginia serve as demonstration sites for multiple use management which focuses on the advantages and benefits of managing the total resource. Environmental protection, water quality, aesthetics, wildlife habitat, forest research and recreation are as important as a

[www.HuntFishVA.com](http://www.HuntFishVA.com)

sustained timber harvest. The State Forests are operated under a separate, self-supporting budget. Most of the funds are generated through timber sales, but use permits for hunting and other activities and important as well.

Hunting is allowed on many of the State Forest properties in Virginia including: Appomattox-Buckingham State Forest, Big Woods State Forest in Sussex County, Browne State Forest in Essex County, Channels State Forest in Washington and Russell Counties, Chilton Woods State Forest in Lancaster County (archery and black-powder only), Conway Robinson State Forest in Prince William County (lottery permit only), Cumberland State Forest, Dragon Run State Forest in King and Queen County, Lesesne State Forest in Nelson County (archery and blackpowder only within designated dates), Matthews State Forest in Grayson County (archery only in designated areas), Prince Edward-Gallion State Forest, and Sandy Point State Forest in King William County.

A valid State Forest Use Permit and valid hunting license is required and may be purchased from licensed agents or online. Hunting is allowed on these properties only in accordance with state hunting regulations. No motorized vehicles, including ATVs, are permitted on gated roads and trail whether the gate is open or closed.

## Working Together For Wildlife

The Department is pleased and honored to have the support of numerous non-profit conservation organizations that are dedicated to wildlife conservation and education. Through the involvement of thousands of citizen volunteers, as well as a financial commitment to a variety of agency projects, organizations have supported wildlife conservation efforts that benefit all Virginia sportsmen and women. We encourage everyone to support these organizations and to become active participants in one or more of these groups.

Further information on regulations governing the use of specific State Forest properties for hunting or other recreational activities is available at the Virginia Department of Forestry's website ([www.dof.virginia.gov/stateforest/recreation/hunting.htm](http://www.dof.virginia.gov/stateforest/recreation/hunting.htm)) or by calling 804-492-4121.

## STATE PARKS

Virginia State Parks offer a wide variety of hunting opportunities as well as countless other outdoor activities for the entire family. Hunting opportunities range from open hunting in designated areas to managed deer hunts where individuals participate through a reservation or lottery system. Specific sites that offer hunting may change from year to year. Managed deer hunts are a tool in Virginia State Parks' overall deer management program. Participating hunters are asked to support our management efforts by following harvest guidelines associated with each hunt. Detailed hunting opportunities are listed on pages 62–63.

For more information about hunting in a Virginia State Park or to make reservations go on the Web at [www.dcr.virginia.gov/state\\_parks/hunting.shtml](http://www.dcr.virginia.gov/state_parks/hunting.shtml) or call 1-800-933-PARK (7275). Overnight accommodations are available at many sites during part of the hunting season; contact the Customer Service Center or visit the website for additional information and to reserve cabins or campsites.

## NATIONAL PARKS

Hunting is prohibited in all National Parks in Virginia. For current information related to any permitted hunting activities view Park specific websites or contact via Park public information telephone lines. Example: Blue Ridge Parkway [www.nps.gov/blri](http://www.nps.gov/blri) or (828) 298-0398.

**All of Virginia State Parks' managed hunts will be filled by reservation, except the Cooperative Hunts listed below.**

### Reservation Hunts

Hunters may reserve a preferred day and at some sites, a preferred stand or zone. There is a non-refundable reservation fee of \$15 per day; there may be limits to the number of reservations allowed per call. Proof of hunter education certification and required licenses must be presented at check-in. To make a reservation call the State Parks Customer Service Center at 1-800-933 PARK (7275) to participate.

### Special Youth Hunts

Three special Youth Hunts are planned: Saturday, November 1 at Grayson Highlands State Park (muzzleloader); Monday, November 17 at Shenandoah River State Park (general firearms); and Saturday, December 13 at Natural Tunnel State Park (muzzleloader). To participate, youth ages 12–17 should follow the same process as for our other hunts. Note that youth ages 16–17 may hunt alone, youth ages 12–15 must be accompanied by a non-hunting adult (with valid hunter safety certification).

### Douthat State Park Special Hunts

Hunters may register to participate in a muzzleloader hunt held November 10–13, and a general firearm hunt held November 17–20. Interested hunters may reserve a hunting slot for unlimited opportunities during the designated hunts. There is a \$5 non-refund-

able administrative fee for a hunting slot reservation, and registered hunters must then attend one of two mandatory safety and hunt orientation sessions to obtain a hunter card that is required to participate during the designated hunts. The safety and hunt orientation sessions will be held on Sunday, November 2 and Sunday, November 9 at 1 p.m. Reservations for a hunting slot will begin October 2 and end October 31. For more information contact Douthat State Park at (540)-862-8100.

### Cooperative Hunts Wheelin' Sportsmen Hunt

There are three special opportunities for people with disabilities to participate in hunts. Special muzzleloader hunts will be held at Shenandoah River State Park on Monday, November 3, and at Lake Anna State Park on Wednesday, November 12. A special General Firearms hunt will be held on Saturday, November 22 at Staunton River State Park. Contact Robin Clark, (434) 249-6154, [wzeelz@aol.com](mailto:wzeelz@aol.com), or [www.vanwtf.com](http://www.vanwtf.com) for more information.

### RULES & REGULATIONS: (PLEASE READ)

The New River Unit of the Radford Army Ammunition Plant (RAAP) is a 2,800 acre area managed for quality white-tailed deer. **This year's hunting dates will be October 22, and October 25 for archery (antlerless only, both dates), and November 12, November 15, November 19, November 22, December 3, and December 6 for shotgun.** The Dept. of Game & Inland Fisheries uses a computer drawing to select individuals and the day they will hunt. There are 3 ways to apply for the Radford Hunt: 1) Online at [www.vaquotahunts.com](http://www.vaquotahunts.com), 2) toll-free at 1-877-VAHUNTS (1-877-824-8687), or 3) by mail:

**1** Fill out this application  
Incomplete applications will be disqualified.

**2** Include a \$10.00 application fee  
Money order, personal, or cashier's check made out to CyberData, Inc.  
Fee is non-refundable.

**3** and mail to:  
Virginia Quota Hunts  
c/o CyberData, Inc.  
P.O. Box 9009  
Hicksville, NY 11802-9009

### Your application must be received on or before August 8, 2014 to be included in the drawing. IMPORTANT

- One application per applicant/coapplicant. Submitting more than one application will not increase your chances of being drawn.
- Applicants must be at least 12 years old. Successful applicants under 18 must be accompanied by an adult possessing a valid hunting license. Adults accompanying applicants under 18 will not be allowed to hunt.
- Successful applicants will be notified through mail or email by September 6. Unsuccessful applicants will also receive notification of the drawing results.
- Antlerless deer are the only legal game, except during either-sex hunts. In order to qualify to apply for a drawing to participate in an either-sex hunt, an individual's previous hunt must have been an antlerless hunt.
- Hunt applicants may apply individually or with a coapplicant on the same application. When applying with a coapplicant for an either-sex hunt, both applicants' most recent hunt at RAAP must have been for antlerless deer. When applying with a coapplicant for any hunt, standing for the drawing will be based on the lower number of preference points of the two applicants.
- All shooting will be done from elevated stands. Hunters must remain within 50 yards of stand unless accompanied by a VDGF representative.
- For archery hunting, bow must be capable of propelling a broadhead arrow at least 125 yards. Broadhead arrow points must be at least 7/8 inch wide. Broadheads must be covered with quiver. A maximum of four (4) arrows will be allowed. All archery hunters selected will be required to qualify prior to hunting by shooting two (2) of three (3) arrows into a target 5 inches in diameter at 20 and 30 yard distances from a stand elevated 14 feet above the ground. **THOSE WHO DO NOT QUALIFY WILL NOT BE ALLOWED TO HUNT.** Dates and locations for qualifying will be furnished to successful applicants.
- Shotgun hunters will be required to wear a blaze orange cap and vest or jacket. Only slugs will be allowed. Shotguns must be 20 gauge or larger. A maximum of four (4) shells will be allowed. Only factory loaded shells are permitted. Scopes may be used on shotguns.
- No smoking, lighters, matches, or other spark-producing devices are permitted.
- All persons entering the installation to hunt will be subject to search.
- Transportation to and from stands will be provided. Privately owned vehicles will not be allowed on the installation.
- Applicants who are drawn to hunt must submit a background check (Criminal History Record Name Search) to the RAAP. The RAAP denies entry for certain types of convictions. See FAQs for background check details -- [www.dgif.virginia.gov/hunting/quota/hunts/raap-faq.asp](http://www.dgif.virginia.gov/hunting/quota/hunts/raap-faq.asp).
- All shotgun hunters regardless of age must have completed a hunter safety education course before participating in a shotgun hunt.
- Answers to questions about the hunt can be found on our website at [www.dgif.virginia.gov](http://www.dgif.virginia.gov) or by calling VDGF, Blacksburg Office at (540) 951-8304 or Marion Office at (276) 783-4860.
- We reserve the right to alter or close the hunting season or to close any zone.

**NOTES:**

The Department of Game and Inland Fisheries reserves the right to manage hunter access and hunter use on Department-owned and controlled lands as deemed appropriate. Best method for applying for VA Quota Hunts is online at <http://www.vaquotahunts.com>. Unless otherwise specified, all applicants are randomly selected by computer to participate in the various hunts listed on this application form. The exceptions are:  
 • **1. Princess Anne WMA Floating Blind Stake Waterfowl Hunts (107 & 112)** - All applicants will receive a set of randomly selected draw numbers for each valid hunt day during the season. The hunters who show-up with the lowest draw numbers will select their blind stake first. The drawing will proceed from lowest draw number to highest draw number until all hunters present have selected. There are approximately 55 blinds available at each hunt and never have they all been filled.  
 • **2. Great Dismal Swamp NWR Managed Deer Hunt (701)** - All applicants receive a permit for the hunt. Online applicants can download their permit immediately. For mailed or phoned-in applications, please allow 5-10 business days for permit delivery. To scout & hunt all dates available, applications must be submitted by August 15, 2014 (early registration.) You may apply until November 14, 2014. Late applications may miss some of the available hunt dates.
